## Area Folks to Go to Fisher County Show

Fisher County's thirteenth annual Fair and Rodeo is set to open today (Thursday) at Roby amid a blaze of fanfare and thousands of attendants. It will continue through Friday and Saturday.

Entries in both the livestock show, fair and rodeo had made all-time records first of the week, according to Edd Carter, president of the Fisher County Fair Association.

An added feature of the 1958 event will be a Quarter Horse Show, which will be staged Saturday morning beginning at 10:00 o'clock, with the judging of the halter classes by Fred Albright.

Dub Harvey is superintendent of the Quarter Horse division; Max Sturdivant, associate county agent, is superintendent of the livestock division; and Mrs. Wal-

## Annual Barbecue for Piper Gridsters and Coaches Set Friday

Annual barbecue for candidates for berths on the 1958 Hamlin High School Pied Piper football squad and their coaches, together with fans generally and members of the Piper Piper Booster Club will be staged tomorrow (Friday) evening at 7:30 o'clock at the football field, it is announced by Wayne Stalcup, president of the booster club, sponsor of the annual affair.

Tickets for the feed are being sold this week by booster club members.

A practice scrimmage by boys of the Piper Piper squads will be conducted preceding the barbecue.

All fans of the community are invited to come out and see the squads in action, greet them and their coaches — and feast with them.

## Earl Browns Visit with Children in California

Mr. and Mrs. Earl Brown returned recently from a visit with their son and wife, Mr. and Mrs. Duane Brown, at Davis, California. While there they made a trip to Yosemite National Park and to San Francisco to see two major league baseball games.

Duane is employed as a research chemist by the University of California, and his wife, Alice, is doing research work necessary for the requirements for a Ph.D. degree, which she will receive in January.

## More Than \$275 Raised for Library in Tag Day Drive

More than \$275 was raised last Tuesday in the Tag Day campaign for the Hamlin Memorial Library, according to officials of the Hamlin Women's Forum, sponsoring organization.

A concerted drive in the business and residential sections of the city was conducted by affiliating women's club of the forum, under the direction of Mrs. L. C. Bonds, Mrs. Dean Witt and Mrs. Earl Smith, chairmen of the committees in charge of the Tag Day event.

Paper tags bearing the inscription "Harden Memorial Library Booster" were pinned on all donors to the project.

Proceeds from the campaign will be used for expansion and improvement of the library, located in the former T. E. Harden home on Southwest Avenue A, just west of the post office, declare officials of the forum.

Mrs. M. T. York, president of the Hamlin Women's Forum has asked The Herald to express the group's appreciation to both individuals and clubs for their cooperation in making the project a success.

Still further donations are expected from several firms with out-of-town headquarters. Any person or firm that may have been missed by the solicitors may make donations to any member of the Hamlin women's clubs, it is announced.

Leaders of the forum declare that they will make the Tag Day project an annual event for the support of the library.

## Season Grid Tickets On Sale at School

Football tickets for the ensuing season of the Hamlin High School Pied Pipers went on sale first of the week at the high school offices, according to Superintendent of Schools C. F. Cook.

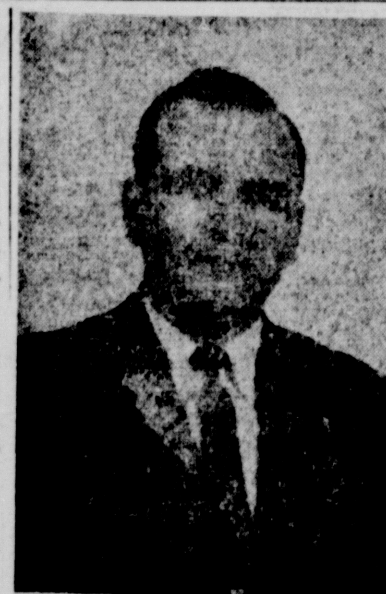

Options on certain seats for the coming three years had previously been offered to former holders of the options. Now the remaining tickets are available for three-year options as well as for season arrangements, Cook says. The season tickets are \$5 for the five home games of the Pied Pipers, the purchaser effecting a \$1.25 saving by buying all five tickets in advance.

## High School Students Enrolled This Week in Pre-Registration

Slight increase in enrollment at Hamlin High School was indicated this week by the pre-registration of high school students, according to B. V. Newberry, principal.

Freshmen and sophomores registered Monday, and juniors and seniors were signed up Tuesday. Tabulation of registrations midweek of the week by school officials showed 75 freshmen, 70 sophomores, 55 juniors and 42 seniors had matriculated. Newberry said several more will be registered when school formally opens next Tuesday.

The early registration is made in order to give teachers an indication of the subjects most desired by the students so that the class schedules may be arranged by the formal school opening, it is explained by Newberry.

NEW DENTIST at Hamlin is Dr. J. E. Harrison (above), who is formally opening his office on North Central Avenue next week. He purchased the building and some equipment of Dr. W. S. Seale, who moved middle of the month to Orange.

CHANGING TIMES—James Phillips, who has been driving his horse and wagon around Bryon for many years, becomes another victim of changing times as he deposits a nickel in one of the parking meters on a downtown street. James remembers the days when a nickel would buy some feed for his steed. Now the nickel just keeps his method of transportation from farm to town ticket free.

# Hundreds of Kids Prepare For School Start Tuesday

NEW VFW OFFICERS—Three new top officers of the veterans of foreign wars in three-way handshake pose in New York City after their election. Commander-in-Chief John H. Mahon Jr., 35 (center) is flanked by Vice Commander Ted C. Connell (left) of Killeen, Texas, and Louis G. Feldmann, senior vice commander, from Hazelton, Pennsylvania. New head of the VFW is an attorney and former U. S. Marine flyer.

## McDonald and Thorn Named Clerks in Saturday Balloting

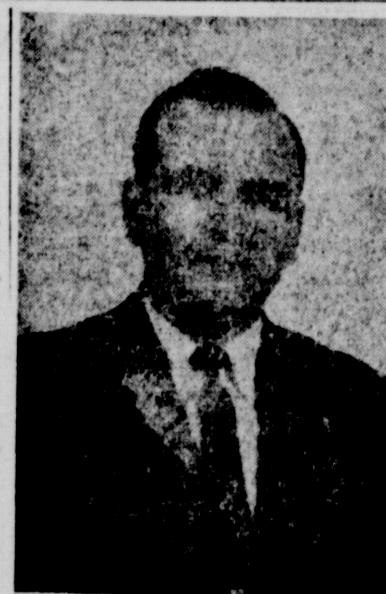

## Nominal Interest Shown by Hamlin Vicinity Voters

As predicted by The Herald last week, voters of Hamlin did not flock to the polls in Saturday's run-off primary election in very big numbers. But in other sections of the county, particularly at Anson, the voting was lively and accounted for nearly as many votes as were polled in the first set-to on July 26.

Leading candidates in the three races determined by voters of the county followed their former leads and were elected. W. L. McDonald was elected as new clerk of the district court over W. O. McGinnis by a 1,254 to 918 count of ballots.

Roy Thorn defeated incumbent J. E. Spurgin Jr. for the county clerk's position by a 1,314 to 875 margin.

In the Precinct No. 1 justice of the peace race (including Anson) BALLOTING—Page 3

NEW DENTIST at Hamlin is Dr. J. E. Harrison (above), who is formally opening his office on North Central Avenue next week. He purchased the building and some equipment of Dr. W. S. Seale, who moved middle of the month to Orange.

## Slight Increase in Enrollments Is Being Expected

Hundreds of Hamlin area boys and girls will be streaming back to school classes next Tuesday morning when the 1958-59 term of school gets underway—bringing delight to some, and gripes for many youngsters who feel that their vacation time is being invaded.

An increase of 20 to 30 students over last year's enrollment is expected when things really get underway, declares Superintendent of Schools C. F. Cook, who said an increase of two in the total faculty for the five schools of the city will bring the faculty to a record number.

All the schools are in good shape as far as physical equipment is concerned, Cook noted. Much repair and repainting has taken place during the summer months, and new equipment has been added throughout the system.

Pre-registration of high school students Monday and Tuesday of this week portended increases in that section, and increases also are expected in the Junior High, Elementary and Primary Schools.

DePriest Colored School, which began work on August 11, registered an increase of about 15 in enrollment, according to Principal E. S. Morgan. The early start of DePriest School will permit the dismissal of classes at the peak of the cotton picking season to allow students to help with this feature of harvest in the area.

Pre-season football work-out by about 35 boys has been underway all this week under the direction of Coaches D. C. Andrews, Jimmy Vaughn, Neil Laminack and Harry Martin.

## First Bale of Cotton Get \$50 BCD Premium

First bale of 1958 cotton for the Hamlin territory, which was ginned last Tuesday by the Farmers Cooperative Gin at Neinda for O. L. Cohorn of the Dove community, was purchased middle of the week by the Neinda gin at 34 cents per pound.

A first bale premium was presented last week-end to Cohorn by the Hamlin Board of Community Development. The premium was \$50 in cash.

## AT FUNERAL OF KIN.

Mr. and Mrs. B. H. Dillard, Betty Jean Dillard and Mr. and Mrs. Roy Dillard attended the funeral last Wednesday of the local men's brother, T. H. Dillard, at New Braunfels.

## Applications by Farmers for Reserve Acreage Program Being Taken by ASC

Applications by farmers to participate in the conservation reserve program for a period of years beginning in 1959 are now being accepted at the Jones County Agricultural Stabilization and Conservation committee offices at Anson, according to M. S. Jones, county office manager of the ASC. Closing date for the signing of applications, says Jones, is September 26.

Average rate per acre for contracts beginning in 1959 will be \$11 in Jones County, whereas the rate in effect through 1958 has been \$9 per acre. The rate on land already under contract is not subject to change, Jones stated.

The 1959 program differs from previous programs, however, in that individual farm rates will vary up or down from the average in accordance with the productivity of the land, whereas the \$9 rate previously in effect applied to all land regardless of the productivity. Producers will be offered a 10 per cent increase in the regular rate established if all eligible land in the farm is placed under the conservation reserve program. Further details concerning the program may be obtained at the ASC office in Anson, Jones points out.

The U. S. Department of Agriculture has announced that the acreage reserve portion of the soil bank program under which producers were paid for reducing cotton or wheat acreage for a one-year period will not be in effect in 1959.

Only one new citizen has been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. The new arrival was—

A boy for Mr. and Mrs. Alvin Conner, who was born August 18. Weighing seven pounds eight ounces at birth, the young man has been assigned the name Alvin Ray.

I sneezed a sneeze into the air, It fell to earth, I know not where; But hard and froze were the looks of those.

## WHAT IS WRONG WITH SCHOOLS? STUDY HABITS

We have read in the magazines and newspapers for many months about what is wrong with our schools. We comment that the schools are not teaching reading, writing and arithmetic like they used to "in the days when I was a boy." We observe that our schools are placing too much emphasis on an athletic program and not enough stress on teaching the academics of books. We declare that our schools are putting too much money in beautiful classrooms and gymnasiums and minimizing building of character and moral principles.

We could continue the list of things which we hear people of today declare is wrong with our schools.

To be sure our schools are failing to do a lot of things that we would like for them to be doing with our children. But, much of the time, aren't we as parents expecting the schools to do a lot of things with our children that the parents themselves should be doing? Aren't we looking to the schools to inculcate into the boys and girls many of the principles of citizenship and right living that rightly are responsibilities of the home in the first place? Mr. talking with Superintendent of Hamlin Schools C. F. Cook the other day, a Herald representative concluded with him that maybe we are expecting too much of the schools.

Cook said: "We know our schools can be

improved, and it is our desire to work toward this improvement." He then went on to explain that a basic failing laid today to the schools is in the study habits of many of the students. They just do not study their lessons, he observed. Numerous students of our schools, not only in Hamlin but all over the country, never take a book home with them, he declared.

"If every child in the Hamlin Public Schools will study one hour each evening on his or her assignments, our schools in Hamlin will improve 30 per cent," Cook avered. "Teachers can do a much better job of teaching when children come to school with some knowledge of the lessons for that day."

Of course, most of the people who are 40 years or older can attest that studying their lessons was a major chore when they were going to school. They weren't any more ignorant than the students of today, but study habits demanded that they prepare their lessons more than is required today. Most educators will agree, however, that the average high school graduate of 30 years ago could spell, speak correctly, work simple arithmetic problems, had a good knowledge of history and geography—which cannot be said of so many of the graduates of today.

Yes, parents can help make their students' school more fruitful by seeing that good study habits are kept by their children.

## RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### THIRTY YEARS AGO.

In scanning the files of Your Home Town Paper, we find the following news briefs, taken from the issue of The Hamlin Herald dated August 31, 1938:

Hamlin Schools are scheduled to open September 10, it is announced this week by C. G. Green, superintendent.

O. D. Roland, newly elected football coach for the high school, is slated to arrive in Hamlin this week-end. He announces that he will begin pre-season grid practice Monday morning, and he invites all football boys to meet him at the football field.

Just as the crowds were getting interested in the election returns Saturday night, word came that a man had been killed at the Fred Young oil well, seven miles west of Hamlin. Conley Nolen, electrician for West Texas Utilities Company, was helping hook up some new equipment when he got caught in a belt at the rig. He sustained a fractured skull, but was still alive when The Herald went to press.

Edwina Gilbert is spending a few days at Cedar Grove Ranch.

### TWENTY YEARS AGO.

From the files of The Hamlin Herald dated August 26, 1938, the following news briefs of 20 years ago are reproduced:

Manager Roy H. McCurdy of the Hamlin Compress & Storage Company says his concern has under construction here one of the largest cotton storage warehouses in West Texas. The new structure is 80 feet wide and 400 feet long.

Mignon Waggoner returned this week from Abilene, where she has been visiting friends. She was accompanied home by Evelyn Sanford, who will be her guest for a few days.

Since last Wednesday's first bale of cotton, four more bales of the early crop have been brought to Hamlin gins.

Following the sudden resignation of Jimmy Marshall as football coach at Hamlin High School three men are now on the coaching staff. They are Marcus Smith, Melvin Gregg and Luie Cure.

### TEN YEARS AGO.

Events in the Hamlin community 10 years ago included the following, reprinted from the issue of The Hamlin Herald dated August 27, 1948:

Body of Lieutenant Joe Wesley (Buddy) Boyd, son of Mr. and Mrs. L. H. Boyd of McCauley, who was killed in action in France on November 12, 1944, will arrive from France, where it has been buried for over three years, Saturday. Reinterment will be held at McCauley some time next week, declare the parents.

Final rites for Sidney, son of Mr. and Mrs. Ray S. Teague of Abilene, who died in action in Germany March 14, 1945, in Germany, will be held Sunday afternoon at the First Methodist Church. Burial will be in Cedar Hill Cemetery at Abilene.

City of Hamlin will use a fogging machine in spraying the town for insects soon, it is announced by Bill Rountree, city water superintendent.

### FIVE YEARS AGO.

Goings-on in the Hamlin community are reflected in the following news briefs taken from issue of The Hamlin Herald dated August 28, 1953:

Threat of cotton insects to the cotton crop in the Hamlin territory this week kept farmers of the area alert. Poisoning is going on in many sections.

End of the telephone strike that has hampered service in five Southwestern states for eight days, seemed about settled as The Herald went to press. Hamlin exchange, handling Hamlin, Rotan and Roby calls, has been handling only emergency calls.

B. O. Bell, owners of the White Auto Store in Hamlin, last week was awarded a \$500 prize for his leading sales in a three-state area.

### ONE YEAR AGO.

News bits from The Hamlin Herald dated August 29, 1957, include the following:

More than 1,000 scholastics of Hamlin Independent School District will head for classes next Tuesday, according to Superintendent of Schools C. F. Cook.

Jones County is included in the recently designated South Plains Conservation District, authorized by Congress last year.

Over 100 Hamlin Pied Piper boosters attended the first get-together Friday night when a barbecue supper was served at the stadium.

## Several New Teachers on Faculties of Hamlin Schools. Poised for Opening

Several new teachers will be seen in the faculty lists for the Hamlin school system, reminds Superintendent of Schools C. F. Cook this week after the teaching staffs for the five schools of the system were completed. One more teacher than last year will function this year, he says.

The complete faculty lists, released by Cook follow:

Primary School — Mrs. Fred Smith, principal and second grade; Mrs. Harold Williams, Mrs. Guy Weaver and Mrs. Mae Hennington, first grade; Mrs. J. S. Norton, Mrs. Bobby Moore and Mrs. Jimmy Vaughn, second grade; Mrs. Harvey Elkins, Mrs. D. W. Stell and Viola Avants, third grade.

New teachers in the Primary School are Mrs. Guy Weaver and Mrs. Bobby Moore. Mrs. Weaver, the former Toby Sellers, is a graduate of Hamlin High School and Texas Tech College. She taught last year at Brownfield. Mrs. Moore, wife of the pastor of Faith Methodist Church, is a graduate of Bethany Nazarene College and West Texas State College. She has five years' teaching experience, and taught last year in the Clarendon schools. She has a master's degree.

Elementary School — Odean Murphree, principal and fifth grade; Georgia Moore, Mrs. Ima Shout and Mrs. Ethel Allan, fourth grade; Maggie Seymore and Mrs. Earl Brown, fifth grade.

Junior High School—Marvin B. Carlton, principal; Harry Martin, physical education; Mrs. Everett Gibson, mathematics; Mrs. Olivia

Griggs, art; Mrs. Louise Lewis and Mrs. E. N. Jenkins, language arts; Mrs. Weldon Johnson and Jon Adams, social studies; Lola Milledge, mathematics; Mrs. Inez Ferguson, science; Mrs. Bill Davis, school nurse; Mrs. Willard Maberry, public school music in the grade schools.

DePriest Colored School—E. S. Morgan, principal; Mrs. Dollie Brown, first grade; Mrs. E. S. Morgan, second and third grades; Mrs. O. L. Moseley, third and fourth grades; Mrs. Norvell Williams, fifth and sixth grades; Noble Canida, seventh and eighth grades; Mrs. W. C. Butler, high school English; Roosevelt Jones, mathematics and science; Mrs. E. F. Ford, homemaking.

High School—B. V. Newberry, principal; D. C. Andrews, head coach and mathematics; Dora Mitchell, commercial studies and Pep Squad; Harold Williams, science and drivers' education; T. C. Blankinship, vocational agriculture; Mrs. Camille Simmons and Mrs. Joe W. Carter, vocational homemaking; Mrs. Charles Scott, English; Jimmy Vaughn, assistant coach and science; Neil Laminack, basketball coach and social studies; Mrs. A. A. Wade, English; Mrs. Zelma Hulse, librarian and English; Gus Young, mathematics; Mac Fullerton, band director; Elvin Kelly, social studies; Mrs. Austin Siburt, study hall.

Kelly is a new teacher. He is a graduate of Abilene Christian College with a major in history and physical education.

**JEWEL OF A WIFE.**

## First Rodeo Show By Riding Club Slated for Sunday

First rodeo event show to be sponsored by the recently organized Hamlin Riding Club will be staged Sunday afternoon at the L. C. Bonds arena on Northwest Avenue D, across the Katy tracks, according to officials of the club. Events will be staged for riders of all ages, it is announced.

Feature of the afternoon will be a special calf riding event for juniors. Parents of the participants must be present, it is announced.

Wild steer race, cutting horse contest, flag race, barrel race and pole bend will be included in the open events.

Children 14 years of age and under will be participants in a calf scramble.

Small children, seven years of age and under, will conduct a ribbon contest.

Arena directors will need horses, it is announced by Roy Thompson and Ben Turner, who will direct the events.

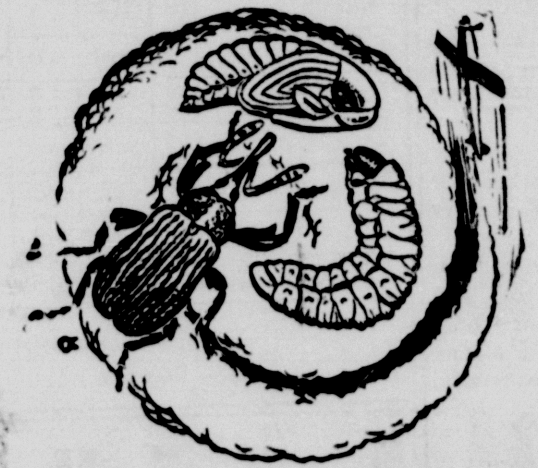

Members of the Hamlin Riding Club will participate in the opening parade of the Fisher County Fair and Rodeo this (Thursday) evening at 6:30 at Roby. The group will assemble at Roby at 6:00 o'clock for placement in the parade, according to L. A. Johnson, who has been named parade chairman.

Events will begin at 2:00 o'clock. Gates at the arena will be open at 1:30.

Texas' population on July 1, 1955, was estimated at 8,657,000.

## To Study River Minerals

The Brazos River Authority is planning to call a conference of engineers, other specialists and water consumers to consider further steps toward control of salts and other minerals in the river. The panel meeting, which may be held in October, will consider the results of studies made to date, and may suggest new action for the future.

Hamlin area residents should be interested in moves of the Brazos River Authority, inasmuch as the Double Mountain Fork of the Brazos River, nine miles north of Hamlin, will be involved.

Feasibility of construction of a big dam on the river northwest of Hamlin was attested by Freese & Nichols, civil engineers of Fort Worth, following a study made by that concern several years ago. Cost of the study was borne by the water resources committee of the Hamlin Chamber of Commerce.

## Drunk Drivers Dangerous

Hundreds of good people will be killed on the highways of the United States before the year 1958 ends.

There seems to be little public indignation over the slaughter. The average automobile driver, acquainted with the natural hazards of the road, hesitates to incite drastic penalties through the fear that some unavoidable catastrophe will land him in the hoose-gow.

There was a time when high speeds were blamed for most of the accidents, but the years have produced better cars and better highways. What would have been criminal carelessness in the twenties and thirties is considered reasonably sane in the fifties, and some years from now the present high speeds will be routine.

There are certain recognized criminal acts in connection with the operation of motor vehicles, however, which will continue to be condemned. Driving an automobile while under the influence of alcohol is one of them. It is dangerous, not only to the driver, but to all who use the highway. It should be severely punished, and yet, in many instances, convictions are hard to secure and punishment is avoided.

The drunks are public enemies when operating automobiles, and should be "persuaded" to let others drive in peace. It is a crime and should be promptly punished as a crime. To let them drive will save some lives in 1958.

## Every Community Needs

Any community in the United States, including Hamlin, can make progress whenever the majority of its inhabitants are more interested in the general welfare than in envying their neighbors.

The population of any given area, united in common advantages, facing the same disadvantages and seeking methods of growth, can assess its prospects upon the basis of its average inhabitant.

It takes more than natural resources to make a prosperous people. This applies to nations, states, counties and municipalities. The spirit of the people within certain physical boundary lines is more important to the welfare of the people than the possession of certain assets which are often deemed advantageous.

You can give a locality an excellent climate, wonderful natural resources and an industrial set-up that is efficient, but, unless you can breathe a common purpose into the life of the area, it will fall far short of becoming highly prosperous.

This does not mean that some few citizens may not be able to milk the area for their benefit and become rich. It does mean that the area as a whole and its inhabitants cannot become prosperous. Great wealth, side by side with abject poverty, does not make an ideal community and never will.

## Too Many Hands

It is recorded that Emperor Frederick the Great, king of Prussia, had a difficult time as all government heads do, in balancing his country's budget. On one occasion he gave a banquet, inviting persons of note to discuss the situation. He explained his dilemma, and asked how it came about that, although the taxes were high, not enough money was on hand to meet expenses.

At last an old general, seated at the other end of the long banquet table, arose and fished a large lump of ice from his punch bowl. He held the ice in his hand for a moment, then passed it on to his neighbor, asking that it be passed from hand to hand until it reached around to the emperor.

This was done, and by the time the lump of ice reached Emperor Frederick, it was reduced to the size of a small walnut. The general sat down. The lesson was obvious—there were too many hands in the government.

### Vacancies Still Exist In Highway Patrol

Colonel Homer Garrison Jr., director of the Texas Department of Public Safety, made another offer this week to young Texans interested in a career of law enforcement.

Colonel Garrison announced that the DPS has openings for patrolmen in four of its law enforcement services. He said entrance examinations will be given to applicants in major cities throughout Texas during September.

The Herald has carbon paper.

**ONCE OVER LIGHTLY.**

Tommy was running errands for his sister. Among the requirements was a trip to the drug store.

"I would like a box of powder for my sister," said the boy.

"Certainly," replied the clerk, and, aiming to have a joke, he added, "do you want the kind that goes off with a bang?"

But Tommy was equal to the occasion. "No," he answered brightly, "the kind that goes on with a puff."

The writer does the most who gives his reader the most knowledge, and takes from him the least time.—Sydney Smith.

### Pupils Insurance Program Offered In Hamlin Schools

Hamlin Public School for the past several years have been offering the children of the schools accident insurance, points out Superintendent of Schools C. F. Cook this week as a prelude to school opening. He explains further:

This insurance is offered to the children for a cost of \$2 per school year. Neither the school nor any other person receives any commission for this service. The insurance has paid 100 per cent of all claims presented by the hospital and nurse of the schools.

The administration and teachers recommend that each child be insured under this policy. If any parent needs information in regard to the insurance, they are asked to call on any of the school personnel.

On the second day of school material will be given each child in the schools explaining the coverage and other information. Parents are urged to read the material and if interested, to send the envelope back to the child's teacher.

All students participating in sports are required to have this insurance, as well as students in band, Pep Squad and other activities that require transportation. If for any reason a parent desires not to insure his child, the school authorities will need written responsibility by the parent because the school cannot assume all the responsibility.

### Musical Features at State Fair Scheduled

Program for the 1958 State Fair of Texas, America's greatest and grandest fair, lists a sparkling new line-up of entertainment features, exhibits and special attractions. Highlights of the seventy-third annual exposition include:

"The Music Man," Broadway musical comedy hit; Ice Capades, featuring "Madame Butterfly," "Carmen" and Walt Disney's "Fantasia" in an all-new version of the famous skating spectacle; the State Fair "Shower of Stars" in the Cotton Bowl, spotlighting Tennessee Ernie Ford and other stage and television stars.

The best way to do good to ourselves is to do it to others; the right way to gather is to scatter.—Seneca.

**NEW COURTHOUSE RESIDENTS** after the first of the year at Anson will be W. L. (Poochy) McDonald (left) and Roy Thorn, who were elected in moderate voting in the Saturday run-off primary in Jones County. McDonald defeated W. O. McGinnis for clerk of the district court, and will succeed Leon Thurman, who was elected state representative in July. Thorn defeated Gene Spurgin Jr., the present county clerk.

### BALLOTING

(concluded from page one)

son and the south part of the county) Albert Story defeated the incumbent, Joe Mathis, by a 794 to 448 vote.

McDonald will succeed Leon Thurman as clerk of the district court. Thurman was elected state representative in the July primary.

Jones County voters followed the rest of West Texas in giving Robert Hamilton a huge 1,352 to 515 majority over J. Edward Smith in the race for Place 1 as associate justice of the Supreme Court.

In comparing balloting of the Saturday election with that of the July primary, The Herald observes that only 60 votes were cast Saturday in the East Hamlin box compared with 142 cast in the July voting. In the West Hamlin box only 120 votes were polled Saturday compared with a total of 322 votes in the July voting.

**DRUMMER BOY.**

"Daddy, will you buy me a drum?"

"No, son—it's too noisy."

"Well, that's nothing—I'll only play it when you're asleep."

Praise is the best auxiliary to prayer. He who most bears in mind what has been done for him by God will be most emboldened to ask for fresh gifts from above.—Henry Melville.

### Plans Underway By Officials for March of Dimes

Plans already are underway for the annual March of Dimes campaign by the Jones County chapter of the National Polio Foundation, according to Mrs. Ned Moore of Hamlin, who recently was named county chairman of the group at a business meeting of the board of directors at Stamford.

The annual drive for funds will be conducted, as in the past, during the month of January, Mrs. Moore declares.

Others from Hamlin on the executive board for the coming year of the county chapter are Mrs. Joe Stephens, Ned Moore, Mr. and Mrs. John D. Ferguson and Dr. E. D. Perrin.

Mrs. Moore and Mrs. Stephens were in Abilene last week as representatives of the Jones County chapter to attend a district meeting of the National Polio Foundation.

Major speaker at the conference was Jack Dupree of Midland, who is the West Texas representative from the National Polio Foundation. He declared that women of the section are playing a feature role in the annual mothers' march.

Use of electric power in Texas began in the 1880s. First power plant was at Galveston.

## We're Ready to Gin Your Cotton...

We have spent several weeks, going over the equipment and facilities of the Farmers Cooperative Gin of Neinda, and are now ready to handle your cotton ginning for the season. Among improvements at the gin was installation of an automatic feeder for handling the seed cotton at your trailers. This will speed up unloading.

Other equipment, including the gin stands, cleaners and dryers, have been put in first class condition, making the Neinda Gin one of the finest in the territory. At Neinda Gin you are assured

- ★ GOOD COTTON TURN-OUT
- ★ CLEANER LINT OF QUALITY
- ★ PROMPT SERVICE
- ★ COURTEOUS DEALINGS

We are also in position to purchase your cotton and cottonseed on the spot at current market prices, or will help to process your cotton for government loan should you desire to have your staple placed in government loan.

# The Herald's Page for Women

## Jerry Thomas of Rotan To Wed Hamlin Man

Mr. and Mrs. Clifton Thomas of Rotan are announcing the engagement and approaching marriage of their daughter, Jerry, to Lawrence Houghton, son of Eugene Houghton of Hamlin.

The marriage will be September 8 at 7:30 p. m. in the First Methodist Church at Rotan.

The bride-elect graduated from Rotan schools and attended McMurry College in Abilene. The groom-to-be attended Hamlin schools and is presently in the U. S. Army, stationed at Fort Belvoir, Virginia.

Literature is a great stiff, but a sorry crutch. Walter Scott.

## Summer Homemaking Projects Have Been Conducted for Girls of HHS

School may close in May, but for many high school girls the work begins.

About 40 of the students of Hamlin High School have carried on home projects this summer directed by Mrs. Camille Simmons, HHS homemaking teacher. The projects have been in various phases of homemaking, including care and guidance of children, consumer buying, family relations, health and home care of the sick, home improvement, management of the home, home or personal finances, laundry, personal care and improvement, provision of

food for the family, and clothing; construction, care, selection and renovation.

These students met in the Hamlin City Park Friday afternoon for a watermelon party, and each girl turned in an evaluation of her work.

The students are: Paula Andrews, Lillie Sue Austin, Linda Cavitt, Barbara Cheshier, Beth Christian, Elizabeth Daniels, Peggy Dodd, Lottie Everton, Rebecca Ferguson, Brenda Fincannon, Judith Ford, Georganna Fitzgerald, Anna Lou Fudge, Betty Galloway, Phyllis Hollis, Laretha Hill, Jorene Hudspeth, Suzanna Jenkins, Nina Jean, Faye Server LaBaume, Ann Maberry, Lana Lancaster, Jennie Law, DeNetta McCracken, Linda Perry, Melinda Martin, DeGwen Sanderlin, Ann Richey, Sharon Sims, Myra Siburt, Dorna Stabler, Beverlie Turner, Janice Ueckert, Montie Wade, Sharon Wyatt, Neil Waldon and Zoan Winegeart.

## Celotex Employees And Families Enjoy Picnic on Saturday

Nearly 500 employees of the Celotex Corporation plant at Hamlin and members of their families enjoyed an all-day picnic and outing Saturday at the City Park. It is an annual get-together for the group, sponsored by the public relations department of the concern.

The group started gathering at the park about 10:00 o'clock Saturday morning, where games of several kinds were participated in by the children and grown-ups. Swimming, croquet, softball and swimming highlighted the activities.

Late in the evening a barbecue supper was served to 492 attendants by a San Angelo catering concern. Threatening rain late in the day probably kept several away that would have boosted the attendance past the 500 mark, according to D. W. Cowan, works production manager.

## Faith Methodist MYF Group Schedules Benefit Melon Feast

Members of the Faith Methodist Church Youth Fellowship had an election of officers for the coming year in a meeting held in the fellowship hall Sunday evening.

Billie Dominey was elected president. Other officers named were: Gerald Renfro, vice president; Stanley Austin, secretary-treasurer; Victor Criswell, pianist; and Judith Ford, song leader.

Mrs. James Austin and Mrs. Gene Moore are the adult leaders for the group.

The young people's group is sponsoring a watermelon feast, which will be held at the church on Labor Day evening. The public is invited. Proceeds from the event will be used for a table tennis set for the fellowship hall.

## Two from Hamlin Go To Austin FHA Meet

Ginger Rabjohn, president of the Hamlin High School chapter of the Future Homemakers of America, and an official in the state FHA organization, attended a meeting of the state association of Future Homemakers of America this week in Austin.

She was accompanied by Mrs. Camille Simmons, instructor of the homemaking department of Hamlin High School.

## THESE WOMEN!

By d'Alesio

"Lunch? I'll have to think it over I've thought it over YES!"

## Variety of Hairdos Will Be in Vogue For Coming Season, Declares Expert

One fact seems certain in the world of glamor: Modern hairdressers do not agree on how we should wear our hair this season, according to Vivian Brown, AP Newsfeatures beauty editor, in a release to The Herald.

That is good news for the woman who would maintain her individuality in the face of fashion regimentation. We do not have to put our hair up or let it down, or give our old worn last year's hair to the Salvation Army. It's different from our fashion world of dress, in which we are challenged to be prime, choice or third grade sheep.

So, currently, we should take advantage of the opportunity to keep our hairdressers proud of their independence. Wear the hairdos that becomes you, they say. So why not?

Fashionable women who will wear the chemise but do not want the short bob might be pleased by a prediction from Albert in New York. The popular hairdresser predicts that shoulder length hair or just a little shorter will be ideal. But give it some style, some shape. Don't just let it hang like wilted lettuce. Albert explains:

"The smart hairdo follows a line today. There is very little curl. The hair style is based more on the shape of the face and the texture of the hair, and from this pattern the most becoming hair styles may be originated."

Albert believes also that three is more than one hair style for any woman. The trick, he says, is to find out which one suits her best.

He predicts that hair will take on color as more women go in for dyeing their tresses. He sees beige and ashe blonde hair colors as tops, with accents of the silver blonde shade. The vivid red shades are more popular than ever. And here's a tip for older ladies: "If you want to maintain a youthful appearance, and hesitate to bleach or dye your hair as it grays," says Albert, "try tipping or highlighting your hair with colorful streaks for a wonderful, youthful look."

## VISIT WITH SIMPSON.

Mr. and Mrs. C. E. Kirkman and daughter, Sarah Katherine, to Baytown, spent the week-end visiting with the Joe Simpson family.

## Peggy Joyce Briscoe, Bride-Elect, Is Honored at Gift Tea in Moore Home

Peggy Joyce Briscoe, bride-elect of W. H. Hallmark Jr., was honored with a gift tea Friday evening in the home of Mrs. Ned Moore, 624 Northwest Seventh Street.

Guests were greeted by Mrs. Moore and presented to the honoree; her mother, Mrs. F. C. Briscoe; Mrs. W. H. Hallmark, mother of the groom-to-be; Mrs. C. B. Barth of Rotan and Anna

Mae Edmonson of Quanah, aunts of the bride-elect.

Mrs. Faye Dean and Mrs. C. J. Rolfs directed guests to the tea table. Serving refreshments were Mary Ann Willbanks of Hamlin and Alicia Griener of Breckenridge, who will attend the bride in her wedding as maid-of-honor.

The tea table was covered with an imported linen cloth centered with a blue and white cupid tree arrangement with spider mums and pom-poms, flanked by blue candles in silver candelabra. Other appointments were in silver and crystal.

Mrs. Everett Gibson directed guests to the rooms where gifts were displayed. Mrs. Jerry Briscoe, sister-in-law of the bride, registered guests, and Mrs. W. O. Willbanks said good-byes.

Other hostesses were Mmes. D. W. Cowan, Eddie Jay, W. C. Lockhart, Don Hymer, J. T. Cox, F. T. Wallace, Ivy Myers, H. R. Daniell and Joe League.

## Lions and Rotarians Fete Ladies at Picnic Tuesday at City Park

More than 100 members of the Hamlin Lions and Rotary Clubs and their ladies enjoyed two hours of feasting and fellowship Tuesday evening at the Hamlin City Park.

The Lions had invited the Rotarians to share the picnic project with them, and neither civic club met in regular noon luncheon session this week in view of the picnic.

Steaming hot barbecue and all the trimmings were served to the group of men and women by a San Angelo catering service.

Before and after the picnic supper the picnicers visited in a fashion reminiscent of old time get-togethers.

In addition to the Lions and Rotarians and their ladies, several invited guests were present, including four from Lions Club officials from Stamford.

## Final Days of Congress Mean Rush to Complete Legislation, Says Bureson

At this time during every session of Congress, the feeling constantly arises that the country would be better off if adjournment had come a month ago, declares Congressman Omar Bureson in his weekly news letter to The Herald. He continues:

This is the time when legislation is pushed so rapidly it becomes virtually impossible to know the details of every bill under debate.

Adjournment is still indefinite, but it appears it will require another several days before the curtain is hauled down.

By reason of the nature of the committee of which I serve as chairman, it will be necessary to remain in Washington to clean up the details. There are some things which simply cannot be done until the final bell sounds.

It will be my intent to visit over the 14 counties of the 17th Congressional District during the fall. It will be necessary to return to Washington at intervals to attend to committee matters, but it is with anticipation I look forward to seeing as many of my

constituents as possible for the purpose of rendering a report of my activities as your congressman, and to exchange views on matters of mutual interest.

As is the case in most things, this session of Congress has brought disappointment and dissatisfaction.

On the domestic side the Congress is about to leave Washington after a spending spree unlike any known in peacetime. The atmosphere of economy and retrenchment was dissipated with schemes supposedly needed to meet the emergency.

On the other hand, by reason that some emergency existed, a field day was provided for many ready to take advantage to promote schemes which otherwise would not be possible.

On the foreign scene a similar situation exists insofar as spending is concerned. At a time when the country was ready to retrench in its foreign aid spending, the appearance of sputnik took the lid off.

## KERRY DRAKE

The best thing coming out of it all was an effort to improve our defenses, not only in terms of dollars and cents, but in a real effort to promote greater efficiency in our military establishment. In this connection it should be a continuing and unrelenting effort.

### IT ALL DEPENDS.

## Sears Swine Will Be Exhibited by County 4-H Group Friday

Jones County 4-H Club Sears swine show will be held at Anson tomorrow (Friday) beginning at 9:00 a. m. The show will take place on the parking lot east of the square, according to Kirby Clayton, Jones County agent.

Four-H Club members will exhibit their registered Duroc gilts furnished by the Sears Roebuck Foundation, and the winning gilt and boar will be taken to Abilene in September to compete in the district show.

Judging the swine show will be T. W. Colby of Abilene Christian College.

Club members who will exhibit swine include Kathlene Lollar, Mike Barbee, Richie Cox, Billy Fillmon, Terry Touchstone, Billy DeBuck, Sandra Carter and William Teague. Larry Middleton of Anson is owner of the county Sears boar.

The show is open to the public, and everyone interested is invited to attend.

Rubber bands at The Herald.

### NO SALE.

After being examined by the doctor, an old mountaineer was given definite instructions as to what he should do. Just as he was about to leave the office, the doctor said: "Look here, you forgot to pay me."

"You you fer what?" countered the old hillbilly.

"For my professional advice," replied the doctor.

"No sir," he said, "made up my mind Ah ain't goin' to take it." Then he promptly left.

Population center of Texas, is near Waco in McLennan County.

### WEATHER IS BAD.

Sir Lancelet jumped off his horse and rushed into the inn. "I have a message for the king," he said. "My steed is weary and wounded. Can you land me a horse?"

"I have no horse," said the landlord, pointing to a huge dog. "This is the only animal I possess."

"Very well," said the knight, wearily. "I'll take him."

"Oh, sir," cried the innkeeper, "I wouldn't send a knight out on a dog like this!"

### SELF PRESERVATION.

In an essay on "Things I Am Thankful For" a little boy listed his eye glasses.

"They keep the boys from fighting me," he wrote, "and the girls from kissing me."

### A FRIEND IN NEED.

"Geraldine, how much is that lawyer going to charge you for handling your divorce suit?"

"Oh, he'll not charge me anything at all. You see, he's an old friend of my husband's, and he's doing that as a favor to him."

New Equipment at Being Installed at Hamlin Coop Gin

Installation of several thousand dollars worth of new equipment in the Hamlin Farmers Cooperative Gin was being completed this week, according to Watt Fletcher, manager of the gin, located in the southeast part of the city. The gin will be ready for operation the first part of next week, said Fletcher.

Included in the new equipment is a new type "dry cleaner" for seed cotton. Heated with natural gas, the dryer is designed to remove all moisture from wet cotton before it enters the gin stands, permitting better separation of lint from the seed and more efficient ginning generally.

Another major installation at the gin is a huge Moss lint cleaner, which Fletcher says is the

COMES FOR FAMILY.

Lieutenant Charles Absher of Fort Huachuca, Arizona, Army Base came last Friday for a brief visit in the Joe A. Simpson home at Hamlin. He returned Saturday to the base with his wife, the former Faith Simpson, and his new daughter, Lisa Joe, who was born about six weeks ago here.

CLEVER, THESE COOKS.

Frank—"We've got the prize laziest cook."  
Earl—"How's that?"  
Frank—"He puts popcorn in the pan-fryer so they'll turn over by themselves."

latest development in cleaners for the lint cotton as it comes from the stands. The extra cleaning process will give higher grade for the processed bale, assuring better price to the customer, he says.

Seven new electric motors provide the power for the new equipment, and a new panel control board gives one-man control of all the equipment.

Mrs. Rosa Mitchell Dies Wednesday After Long Illness

Mrs. Rosa Bell Mitchell, 68-old Hamlin housewife, died last Wednesday afternoon in the home of a daughter, Mrs. Alene McCracken. She had been ill for several years, but seriously ill for only six weeks before her death.

Born November 5, 1889, to Mr. and Mrs. O. B. Cox in Limestone County, she was married to DeWitt D. Wilkins on Christmas Day, 1907, at Groesbeck. To this union five children were born, two of whom preceded her in death—Nolan in 1919 and Eugene in 1953.

The D. D. Wilkins family moved to Jones County in 1915, settling first on the Willie Young farm near Funston. In 1921 they moved to the J. J. Roberts farm, southwest of Funston, and farmed for Mr. Roberts 14 years. Wilkins passed away on April 11, 1940, after which Mrs. Mitchell moved her family to Anson.

In 1944 Mrs. Mitchell moved to Hamlin and has lived in the north part of Hamlin since that time.

On October 20, 1945, she and Rufus Hick Mitchell of Swenson were married. Mr. Mitchell died in March of this year.

Funeral services were conducted Friday afternoon in the North Central Avenue Baptist Church, with Rev. Calvin Bailey, pastor of the First Baptist Church, and Rev. Woodrow McHugh, North Central Avenue Baptist Church pastor, officiating.

Burial was in the Funston cemetery beside the grave of her husband, DeWitt D. Wilkins, under the direction of Hamlin Funeral Home. Pallbearers were Pearl Fannin, James Harrison, Clarence Butler, Roy Stinnett, W. I. Goolsby and J. D. Gaines of Abilene.

Surviving her are one son, Aubra L. Wilkins of Abilene; two daughters, Mrs. Alene McCracken of Abilene and Mrs. Julia N. Cooper of Abilene; several nieces and nephews, one being Johnny Anglin of Anson; and six grandchildren, DeNetta Jean McCracken and Jamie R. McCracken of Hamlin, Larry D. Cooper and Lavonia Glyn Cooper of Abilene, Bobby Gene Wilkins and Derral Edwin Wilkins of Lorenzo.

Ballpoint pen refills at Herald.

School Bus Routes To Generally Follow Former Pattern Used

Bus routes for the schools of Hamlin Independent School District will be the same as last year, declares Superintendent of Schools C. F. Cook, except for a few changes that will be necessary to meet the needs of students along the routes.

Cook explains that any changes that will be made will be because the buses can better serve students who use the buses.

Routes of the buses and names of drivers will be as follows:

- Route 12—Hilton community, Harry Martin and Marvin Carlton.
- Route 13—Gravel Pit area: A. E. Perdue.
- Route 14—Colored students: E. S. Morgan.
- Route 15—Colotex community: B. V. Newberry and Neil Laminack.
- Route 16—Wise Chapel community: A. E. Hodnett.
- Route 17—Neinda community: Joe Wayne Carter.
- Route 19—Flat Top community: Elvin Kelly.
- Route 20—Tuxedo community: Gus Young.

PREPARED ANSWERS.

A pastor at the parish always asked the children the same questions, and in the same sequence: "What is your name? How old are you? Did you say your prayers? What will happen if you don't say your prayers?"

An overly ambitious mother rehearsed her little boy with the answers, and when the pastor called, the boy beat him to the punch by rattling off: "Jerry Jones, five, yes, go to hell."

NOTICE OF REDEMPTION OF CITY WATERWORKS AND SEWER BONDS

The City of Hamlin, Texas, hereby gives notice of its intention to call City of Hamlin, Jones County, Texas, waterworks and sewer system bonds, Series 1948, Nos. 108 to 125, inclusive, on the next interest paying date of October 1, 1958.

Farmers of This Area Are Invited to Share in the Benefits That Come from Ginning at the Friendly, the Efficient

Hamlin Farmers Cooperative Gin

MANY SERVICES

Again in 1958, as in each year for the past many years, every cotton grower of the Hamlin territory is invited to take advantage of the services and share in the benefits that have been offered cotton producers of this section since the gin was founded.

MODERN MACHINERY

As most of you know, we have had one of the most modern gin plants in the entire Southwest, especially designed and constructed to serve the needs of the producers of this region. We are just completing the installation of much new equipment, including Moss Lint Cleaners and big "dry cleaning" dryers. Our cotton cleaning equipment is the best, and is a big factor in getting a better sample for you.

SERVICE FIRST

We believe that at this modern gin plant you will be assured quality ginning and that you will be pleased with the service you get when you bring your seed cotton to us. Completely electrified, we are ready to go the minute your cotton arrives at the suction stands.

EXACTLY RIGHT SPEED

Because this is late model, improved machinery, we do not have to run it slowly to get the best sample. Actually we run it at exactly the right speed as determined by scientific experimentation, and because it is so engineered, this right speed also gives us higher ginning capacity.

BOUGHT OR PUT IN LOAN

We are prepared to handle your ginned cotton the way you prefer. We will buy it at top market price or will assist you in putting it into the government loan program. It will be correctly graded and sampled, as we are anxious that you get the most from your cotton.

HAMLIN FARMERS COOPERATIVE GIN

# Area People Smile As Oil Production Hiked Next Month

Hamlin area land owners and royalty holders found room for smiles first of the week as the production pattern for September was announced from Austin with an increased flow of oil.

Texas Railroad Commission set state-wide oil allowable for September of 3,173,736 barrels a day, an increase of 228,302 barrel daily.

The permissive flow was based on a producing pattern of 12 days. It was the fourth consecutive month in which the Texas oil allowable had been increased since reaching a record low producing pattern of eight days.

The sizeable increase came after the August flow was increased by nearly 330,000 barrels a day.

"We must not make a case for added imports by refusing to allow adequate Texas oil production when our stocks on hand are at low levels and we have the oil reserve producing ability," Ernest Thompson, acting chairman of the commission at the protraction hearing, said. Chairman Olin Culbertson is in Europe on vacation.

Most major oil buying companies asked for at least 12 days of production. Humble, the state's largest purchaser, asked 14 days.

Office furniture at The Herald.

TOES IN TEMPLE—Church

is where a six-year-old boy should be on Sunday morning but a brand new pair of tight shoes is a little too much. So, off they had to come, thought Mickie Klatt, son of Mr. and Mrs. R. A. Klatt of Lubbock, and, suiting thoughts to action did just that. No one would have known if he had only not forgotten to put them back on when church was over and he got caught, sock-footed, that is.

## Attendance at City Sunday Schools Gets Back to Near Normal

Sunday School attendance at Hamlin churches got "back into the groove" Sunday when a gain of 133 was registered over the previous week's total. The 1,262 total also was 55 more than the year ago figure for the 12 Hamlin churches reporting.

Attendance, by churches for August 24, August 17 and a year ago follows:

Churches—	Aug. 24	Aug. 17	Year Ago
No. Cen. Baptist.....	134	79	92
First Baptist.....	347	328	364
Oak Gr. Col. Baptist 52	71	37	
Mexican Baptist.....	37	42	53
Ch. of Nazarene.....	97	80	83
First Methodist.....	228	178	197
Four-square Gospel..	42	64	51
Faith Methodist.....	39	36	30
Sunset Baptist.....	26	35	58
Church of Christ.....	178	147	160
Calvary Baptist.....	45	30	44
Assembly of God.....	37	39	38

Totals.....1262 1129 1207

## Fisher County Voters Name Dave Posey At New County Judge

Fisher County, Hamlin's neighbor to the west, got a new county judge in Saturday's balloting in a race that had held the interest of many area people.

Dave Posey of Rotan defeated Bruce McCain of Roby. Also named in the run-off voting Saturday was District Clerk Neely A. Morton of Rotan, who defeated Mrs. Elva Nell Dennis of Roby. Posey, a farmer and rancher, defeated the present county judge, Bruce McCain of Roby, who has served two terms in the office. The vote was 1,121 for Posey and 1,079 for McCain.

Morton, who is completing 10 years in the office of district clerk, received 1,203 votes. His opponent, Mrs. Dennis of Roby, got 993 votes.

In the race for state representative of the 91st District, Fisher County voters gave Max Carriker of Roby a total of 1,821 votes. His opponent, Temple Dickson of Sweetwater, received 368 votes.

### MISSING: ONE HORSE.

Out in Arizona, a cowhand rushed out of a barber shop, made a running broad jump, and landed in the middle of the street.

"Hurt yourself?" he was asked. "Reckon I'll live," roared the cowboy, brushing himself off, "but I'd sure like to get my hands on the varmint who moved my boss."

Between 1947 and 1953 chemicals passed up oil as Texas' leading industry.

## Good Rains in Many Southwest Areas Spark Good Demand for Beef Stockers

Good rains were reported in many sections of the Southwest, many of them in West Texas and Northern markets reported increased stocker and feeder activity, and these two factors were enough to get the cattle trade at Fort Worth off to a flying start Monday, according to Ted Gouldy, special market reporter for The Herald, in his weekly market summary. He continues:

A few bunches of grain fed steers and heifers were in the run and these moved a bit slowly as packers eyed a sharply increased offering at Corn Belt terminals. However, they cleared steady as the Northern receipts were well absorbed.

Stocker and feeder buyers, including many farmers and ranchmen seeking stockers, were on the stockyards early and set a fact pace on the available stockers and feeders. The trade was strong to 50 cents higher, quality considered.

Slaughter cows, slaughter calves and bulls were strong.

Prices included: Good to choice steers and yearlings, \$23 to \$25.75; medium and lower grades, \$18 to \$22; fat cows, \$17.50 to \$20.50; and canners and cutters, \$12 to \$17.50; bulls, \$17.50 to \$21.50; fat calves, \$20 to \$25.75; stocker calves, \$31 down; stocker yearlings, \$26.50 down; and feeders, \$23.50 down.

Trade was active and prices were fully steady on limited offerings of sheep and lambs at Fort Worth Monday. Several hundred

goats sold for slaughter at steady prices.

Good and choice fat lambs drew \$21 to \$22.50; feeder lambs drew \$19 to \$20; old wethers cashed at \$12 to \$13; slaughter ewes cashed at \$7 to \$8; slaughter goats went at \$5.50 to \$7.

Opening trade at Fort Worth Monday on hogs was a matter of catching up with the severe breaks of last week in the Corn Belt. Choice hogs at \$20.25 and \$20.50 were in line with Corn Belt tops, but were 50 to 75 cents under last week. Sows drew \$17 to \$18.

## Max Carriker Named State Representative In Neighbor District

Max Carriker, well known farmer and cattle raiser living east of Roby, and a frequent visitor at Hamlin, was elected state representative of the 91st District in the run-off election Saturday in a race that held the interest of many Hamlin area citizens.

Carriker defeated Temple Dickson of Sweetwater, an attorney, for the seat now held by L. L. Armor of Sweetwater, who was eliminated from the running in the July primary.

Vote in the three-county district composed of Nolan, Mitchell and Fisher Counties, was 3,435 for Carriker and 3,191 for Dickson. By counties, the vote was:

	Carriker	Dickson
Nolan .....	906	2,179
Fisher .....	1,821	368
Mitchell .....	708	644

## Twelve Lettermen Returning as Base For Piper Squad

Work-outs of the boys trying out for berths on the 1958 edition of the Hamlin High School football squad were started Monday at the football field in the annual pre-season football encampment. The boys are spending a whole week at the field, sleeping in the field house and conducting work-outs twice a day, declares Head Coach D. C. Andrews.

About 35 boys reported for the encampment, which is being directed by Andrews, with Assistant Coaches Jimmy Vaughn, Neil Laminack and Harry Martin helping with the daily chores. Coach Vaughn will be line coach of the A string and Coach Laminack will be B team coach. Coach Martin will coach the junior high team. Twelve returning lettermen are on the job to form a nucleus of the 1958 Pied Pipers. These are Gene Murff, John Richey and Stephen Carmichael, captains; Ken Prewitt, Bob Martin, Charlie Green, Mike Brandon, Roy Williams, Joe Deel, Red Fowler, Ed Shields and Tommy Bonds.

Highlighting the week's twice-a-day work-outs are inter-squad scrimmage and a scrimmage with a neighboring town's team.

To climax the week of work, the Pied Piper Booster Club will treat the players and booster club members to a barbecue and get acquainted meeting tomorrow (Friday) evening at 7:30.

So long as we are full of self we are shocked at the faults of others.—Francis de S. Fenelon.

### HAD A REASIN.

Billy Graham, noted evangelist, tells an amusing story of a fire which broke out in a small town church. The fire brigade was racing and the sirens were wailing, and when they arrived on the scene, the minister recognized a fireman.

"Hello, there, Jim," greeted the minister. "I haven't seen you in church for a long time," he chided. "Well," answered the man, struggling with the hose, "there hasn't been a fire in the church for a long time."

# Thank You . . .

I wish to express my heart-felt gratitude to voters of Jones County for electing me to the office to County Clerk.

I truly appreciate all that was done in my behalf. I shall ever be grateful for your support.

I will strive to live up to the confidence and trust you have placed in me.

When I assume the duties of this important office, please feel free to seek its service at any time.

Sincerely,

**Roy Thorn**

# Thanks, Friends!

My humblest thanks to each of you for electing me your next Clerk of the District Court of Jones County. I shall do my best to be worthy of the confidence placed in me.

Thanks to the many friends for the words of encouragement and your influence. Also thanks to my opponent for a good, clean race.

Sincerely,

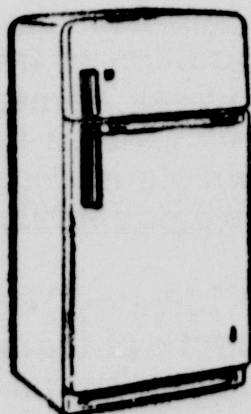

**W.L. Poochey McDonald**

## Memberships Being Sold in Pied Piper Booster Club in City

Pied Piper Booster Club membership cards and license tags for automobiles are on sale this week in Hamlin, reports Dwayne Stalcup, president of the booster group organized several years ago to back the athletic teams of Hamlin Schools.

Stalcup, who came to Hamlin two years ago as manager of the Hughes Tool Company office, was named president of the booster several days ago.

At a business meeting of the group Tuesday evening plans for the coming year's projects were made. Stalcup stressed the importance of a concerted campaign for memberships in the booster club in order to make activities of the group effective and of assistance to the teams.

The bumper tags will be used to boost the teams this year.

The booster club will sponsor a car caravan of boosters to the opening football game of the Pied Pipers at Eastland Friday night, September 5.

Gratitude to God makes even a temporal blessing a taste of heaven.—William Romaine.

## Mrs. Margie Lee, Long Time County Resident, Passes

Mrs. Margie Lee, 85-year-old widow of a former long-time Jones County farmer, died last Friday night at her home at 529 Northwest Avenue C. She had been ill for about 10 years.

Mrs. Lee was born March 20, 1873, in Timko, Arkansas, the daughter of Mr. and Mrs. M. C. Branscum. On April 14, 1891, she married J. A. Lee at Timko.

Mrs. Lee had been a resident of Hamlin for the last 39 years. Mr. Lee, who was a farmer, died on October 4, 1948.

She was a member of Calvary Baptist Church in Hamlin.

Funeral services were conducted Sunday afternoon at Calvary Baptist Church. Rev. G. C. Henry, pastor, officiated, assisted by Rev. Woodrow McHugh, pastor of the North Central Avenue Baptist Church, and Rev. W. A. Corley.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Grandsons served as pallbearers.

Survivors of the octogenarian include five sons, Harold, Ernest and U. S. Lee, all of Hamlin, Lawton Lee of Midland and Noel Lee of Girard; two daughters, Mrs. Shelby Hester of Abilene and Veda Lee of Hamlin; 21 grandchildren, 12 great-grandchildren and three great-great-grandchildren.

**BRING ON THE RATS**—Semel, the Siamese cat, prances around the ring—the front porch of her owner, Foy H. Mooty of Fort Worth—ready to shoot more leits and rights at rats like the ones at her feet. They are among the 13 she killed and deposited on the porch overnight. Mooty, who found the bodies the next morning, said this was the largest haul.

## Most Firearms Deaths By "Unloaded" Gun

It's not necessarily the itchy-fingered hunter in the field who mistakenly kills someone.

The "unloaded" gun in the home is an even more dangerous killer, according to the National Safety Council.

In 1957, for example, firearms helped account for 1,150 accidental home deaths. Half of the fatal firearms accidents happened in the home.

The council's recently published statistical yearbook, "Accident Facts," shows that accidental deaths from firearms are the No. 4 home killer—ranking behind falls, fire burns (and other deaths associated with fires) and poisonings, in that order.

### ONE WAY TO DO IT

"Isn't it hard to keep a budget straight?" wailed Mrs. Johnkins. "My dear, it's terrible!" confided Mrs. Smithkins. "This month I had to put in four mistakes to make mine balance."

## Increase Expected in Student Enrollment At Junior High School

Hamlin Junior High School will not have a pre-registration this year, according to Marvin Carlton, principal.

Enrollment in the sixth seventh and eighth grades is expected to be about 245, or an increase of about 15 students over last year.

A faculty meeting will be held at the Junior High School building immediately after the general faculty meeting tomorrow (Friday) morning. The Junior High faculty will return intact for the third successive year.

Members of the faculty are: Mrs. Everett Gibson, mathematics; Lola Miltstead, mathematics; Mrs. Joe Lewis, language arts; Mrs. Ernest Jenkins, language arts; Mrs. Weldon Johnson, social studies; Jon Adams, social studies; Mrs. Dudley Griggs, art; Mrs. S. C. Ferguson Jr., science; Harry Martin, physical education; and M. D. Carlton, principal.

## Record Prizes Posted For 1959 Stock Show

Largest amount of prize money in the 63-year history of the Southwestern Exposition and Fat Stock Show will be offered at the 1959 show, January 30 through February 8, at Fort Worth, which is always attended by scores of Hamlin area people.

W. R. Watt, president-manager,

has announced that \$193,481 in awards will be given to winning exhibitors in the various fat stock and horse divisions and to top cowboys in the exposition rodeo. Prize money for rodeo winners, including entry fees, will exceed \$65,000. The horse show will award \$38,480 in premiums.

Texas ranks fifth in the nation in number of air passengers carried each year.

# Area Folks to Go to Fisher County Show

Fisher County's thirteenth annual Fair and Rodeo is set to open today (Thursday) at Roby amid a blaze of fanfare and thousands of attendants. It will continue through Friday and Saturday.

Entries in both the livestock show, fair and rodeo had made all-time records first of the week, according to Edd Carter, president of the Fisher County Fair Association.

An added feature of the 1958 event will be a Quarter Horse Show, which will be staged Saturday morning beginning at 10:00 o'clock, with the judging of the halter classes by Fred Albright.

Dub Harvey is superintendent of the Quarter Horse division; Max Sturdivant, associate county agent, is superintendent of the livestock division; and Mrs. Wal-

## Annual Barbecue for Piper Gridsters and Coaches Set Friday

Annual barbecue for candidates for berths on the 1958 Hamlin High School Piper Gridster football squad and their coaches, together with fans generally and members of the Piper Gridster Booster Club will be staged tomorrow (Friday) evening at 7:30 o'clock at the football field, it is announced by Wayne Stalcup, president of the booster club, sponsor of the annual affair.

Tickets for the feed are being sold this week by booster club members.

A practice scrimmage by boys of the Piper Gridster squads will be conducted preceding the barbecue.

All fans of the community are invited to come out and see the squads in action, greet them and their coaches — and feast with them.

ter Byrd is superintendent of the women's division.

Glen Webb is chairman of the rodeo committee. Performances will be staged each night, beginning at 8:00 o'clock, and will include bareback and saddle bronc and bull riding, calf roping, double mugging, and girls' three-barrel cloverleaf race.

Opening feature of the annual Fair and Rodeo will be a colorful parade this (Thursday) afternoon at 5:30 o'clock. Members of the recently organized Hamlin Riding Club will participate in the parade, according to Bill Adair, president of the group.

## Enrolling Set Tuesday At Elementary School

Enrollment of fourth and fifth grade pupils will begin at 8:40 a. m. on Tuesday, September 2, at the Hamlin Elementary School, announces Odean Murphree, principal. A full day's schedule will be carried out that day.

School lunches will be served for 30 cents each meal, \$1.50 per week, it is announced. Monthly tickets may be purchased for \$5.

## Earl Browns Visit with Children in California

Mr. and Mrs. Earl Brown returned recently from a visit with their son and wife, Mr. and Mrs. Duane Brown, at Davis, California. While there they made a trip to Yosemite National Park and to San Francisco to see two major league baseball games.

Duane is employed as a research chemist by the University of California, and his wife, Alice, is doing research work necessary for the requirements for a Ph.D. degree, which she will receive in January.

# Hundreds of Kids Prepare For School Start Tuesday

## More Than \$275 Raised for Library In Tag Day Drive

More than \$275 was raised last Tuesday in the Tag Day campaign for the Hamlin Memorial Library, according to officials of the Hamlin Woman's Forum, sponsoring organization.

A concerted drive in the business and residential sections of the city was conducted by affiliating women's club of the forum, under the direction of Mrs. L. C. Bonds, Mrs. Dean Witt and Mrs. Earl Smith, chairmen of the committees in charge of the Tag Day event.

Paper tags bearing the inscription "Hamlin Memorial Library Booster" were pinned on all donors to the project.

Proceeds from the campaign will be used for expansion and improvement of the library, located in the former T. E. Harden home on Southwest Avenue A, just west of the post office, declare officials of the forum.

Mrs. M. T. York, president of the Hamlin Woman's Forum has asked The Herald to express the group's appreciation to both individuals and clubs for their cooperation in making the project a success.

Still further donations are expected from several firms with out-of-town headquarters. Any person or firm that may have been missed by the solicitors may make donations to any member of the Hamlin women's clubs, it is announced.

Leaders of the forum declare that they will make the Tag Day project an annual event for the support of the library.

## Season Grid Tickets On Sale at School

Football tickets for the ensuing season of the Hamlin High School Piper Gridsters went on sale first of the week at the high school offices, according to Superintendent of Schools C. F. Cook.

Options on certain seats for the coming three years had previously been offered to former holders of the options. Now the remaining tickets are available for three-year options as well as for season arrangements, Cook says. The season tickets are \$5 for the five home games of the Piper Gridsters, the purchaser effecting a \$1.25 saving by buying all five tickets in advance.

New VFW OFFICERS—three new top officers of the veterans of foreign Wars in three-way handshake pose in New York City after their election. Commander-in-Chief John H. Mahan Jr., 35 (center) is flanked by Vice Commander Ted C. Connell (left) of Killeen, Texas, and Louis G. Feldmann, senior vice commander, from Hazelton, Pennsylvania. New head of the VFW is an attorney and former U. S. Marine flyer.

# McDonald and Thorn Named Clerks in Saturday Balloting

## High School Students Enrolled This Week In Pre-Registration

Slight increase in enrollment at Hamlin High School was indicated this week by the pre-registration of high school students, according to B. V. Newberry, principal.

Freshmen and sophomores registered Monday, and juniors and seniors were signed up Tuesday. Tabulation of registrations mid-week of the week by school officials showed 75 freshmen, 70 sophomores, 55 juniors and 42 seniors had matriculated. Newberry said several more will be registered when school formally opens next Tuesday.

The early registration is made in order to give teachers an indication of the subjects most desired by the students so that the class schedules may be arranged by the formal school opening, it is explained by Newberry.

NEW DENTIST at Hamlin is Dr. J. E. Harrison (above), who is formally opening his offices on North Central Avenue next week. He purchased the building and some equipment of Dr. W. S. Seals, who moved middle of the month to Orange.

## Nominal Interest Shown by Hamlin Vicinity Voters

As predicted by The Herald last week, voters of Hamlin did not flock to the polls in Saturday's run-off primary election in very big numbers. But in other sections of the county, particularly at Anson, the voting was lively and accounted for nearly as many votes as were polled in the first set-to on July 26.

Leading candidates in the three races determined by voters of the county followed their former leads and were elected. W. L. McDonald was elected as new clerk of the district court over W. O. McGinnis by a 1,254 to 918 count of ballots.

Roy Thorn defeated incumbent J. E. Spurgin Jr. for the county clerk's position by a 1,314 to 875 margin.

In the Precinct No. 1 justice of the peace race (including Anson) Roy Thorn defeated incumbent J. E. Spurgin Jr. by a 1,314 to 875 margin.

See BALLOTING—Page 3

## Slight Increase In Enrollments Is Being Expected

Hundreds of Hamlin area boys and girls will be streaming back to school classes next Tuesday morning when the 1958-59 term of school gets underway—bringing delight to some, and gripes for many youngsters who feel that their vacation time is being invaded.

An increase of 20 to 30 students over last year's enrollment is expected when things really get underway, declares Superintendent of Schools C. F. Cook, who said an increase of two in the total faculty for the five schools of the city will bring the faculty to a record number.

All the schools are in good shape as far as physical equipment is concerned, Cook noted. Much repair and repainting has taken place during the summer months, and new equipment has been added throughout the system.

Pre-registration of high school students Monday and Tuesday of this week portended increases in that section, and increases also are expected in the Junior High, Elementary and Primary Schools.

DePriest Colored School, which began work on August 11, registered an increase of about 15 in enrollment, according to Principal E. S. Morgan. The early start of DePriest School will permit the dismissal of classes at the peak of the cotton picking season to allow students to help with this feature of harvest in the area.

Pre-season football work-out by about 35 boys has been underway all this week under the direction of Coaches D. C. Andrews, Jimmy Vaughn, Neil Laminack and Harry Martin.

## First Bale of Cotton Get \$50 BCD Premium

First bale of 1958 cotton for the Hamlin territory, which was ginned last Tuesday by the Farmers Cooperative Gin at Neinda for O. L. Cohorn of the Dove community, was purchased middle of the week by the Neinda gin at 34 cents per pound.

A first bale premium was presented last week-end to Cohorn by the Hamlin Board of Community Development. The premium was \$50 in cash.

## AT FUNERAL OF KIN.

Mr. and Mrs. B. H. Dillard, Betty Jean Dillard and Mr. and Mrs. Roy Dillard attended the funeral last Wednesday of the local men's brother, T. H. Dillard, at New Braunfels.

# Applications by Farmers for Reserve Acreage Program Being Taken by ASC

Applications by farmers to participate in the conservation reserve program for a period of years beginning in 1959 are now being accepted at the Jones County Agricultural Stabilization and Conservation committee offices at Anson, according to M. S. Jones, county office manager of the ASC.

Closing date for the signing of applications, says Jones, is September 26. Average rate per acre for contracts beginning in 1959 will be \$11 in Jones County, whereas the rate in effect through 1958 has been \$9 per acre. The rate on land already under contract is not subject to change, Jones stated.

The 1959 program differs from previous programs, however, in that individual farm rates will vary up or down from the average in accordance with the productivity of the land, whereas the \$9 rate previously in effect applied to all land regardless of the productivity. Producers will be offered a 10 per cent increase in the regular rate established if all eligible land in the farm is placed under the conservation reserve program. Further details concerning the program may be obtained at the ASC office in Anson, Jones points out.

The U. S. Department of Agriculture has announced that the acreage reserve portion of the soil bank program under which producers were paid for reducing cotton or wheat acreage for a one-year period will not be in effect in 1959.

A boy for Mr. and Mrs. Alvin Conner, who was born August 18, weighing seven pounds eight ounces at birth, the young man has been assigned the name Alvin Ray.

Who's New  
This Week

CHANGING TIMES—James Phillips, who has been driving his horse and wagon around Bryon for many years, becomes another victim of changing times as he deposits a nickel in one of the parking meters on a downtown street. James remembers the days when a nickel would buy some feed for his steed. Now the nickel just keeps his method of transportation from town to town ticket free.

ANYTHING FOR RHYME is the rule of would-be poets. We ran across a verse the other day that had rhythm and meter if nothing else . . .

I sneezed a sneeze into the air,  
It fell to earth, I know not where;  
But hard and froze were the looks  
of those  
who witness I sneeze.

## WHAT IS WRONG WITH SCHOOLS? STUDY HABITS

We have read in the magazines and newspapers for many months about what is wrong with our schools. We comment that the schools are not teaching reading, writing and arithmetic like they used to "in the days when I was a boy." We observe that our schools are placing too much emphasis on an athletic program and not enough stress on teaching the academics of books. We declare that our schools are putting too much money in beautiful classrooms and gymnasiums and minimizing building of character and moral principles.

We could continue the list of things which we hear people of today declare is wrong with our schools.

To be sure our schools are failing to do a lot of things that we would like for them to be doing with our children. But, much of the time, aren't we as parents expecting the schools to do a lot of things with our children that the parents themselves should be doing? Aren't we looking to the schools to inculcate into the boys and girls many of the principles of citizenship and right living that rightly are responsibilities of the home in the first place? In talking with Superintendent of Hamlin Schools C. F. Cook the other day, a Herald representative concluded with him that maybe we are expecting too much of the schools.

Cook said: "We know our schools can be

improved, and it is our desire to work toward this improvement." He then went on to explain that a basic failing laid today to the schools is in the study habits of many of the students. They just do not study their lessons, he observed. Numerous students of our schools, not only in Hamlin but all over the country, never take a book home with them, he declared.

"If every child in the Hamlin Public Schools will study one hour each evening on his or her assignments, our schools in Hamlin will improve 30 per cent," Cook avered. "Teachers can do a much better job of teaching when children come to school with some knowledge of the lessons for that day."

Of course, most of the people who are 40 years or older can attest that studying their lessons was a major chore when they were going to school. They weren't any more ignorant than the students of today, but study habits demanded that they prepare their lessons more than is required today. Most educators will agree, however, that the average high school graduate of 30 years ago could spell, speak correctly, work simple arithmetic problems, had a good knowledge of history and geography—which cannot be said of so many of the graduates of today.

Yes, parents can help make their students' school more fruitful by seeing that good study habits are kept by their children.

## RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### THIRTY YEARS AGO.

In scanning the files of Your Home Town Paper, we find the following news briefs, taken from the issue of The Hamlin Herald dated August 31, 1938:

Hamlin Schools are scheduled to open September 10, it is announced this week by C. G. Green, superintendent.

O. D. Roland, newly elected football coach for the high school, is slated to arrive in Hamlin this week-end. He announces that he will begin pre-season grid practice Monday morning, and he invites all football boys to meet him at the football field.

Just as the crowds were getting interested in the election returns Saturday night, word came that a man had been killed at the Fred Young oil well, seven miles west of Hamlin. Conley Nolen, electrician for West Texas Utilities Company, was helping hook up some new equipment when he got caught in a belt at the rig. He sustained a fractured skull, but was still alive when The Herald went to press.

Edwina Gilbert is spending a few days at Cedar Grove Ranch.

### TWENTY YEARS AGO.

From the files of The Hamlin Herald dated August 26, 1938, the following news briefs of 20 years ago are reproduced:

Manager Roy H. McCurdy of the Hamlin Compress & Storage Company says his concern has under construction here one of the largest cotton storage warehouses in West Texas. The new structure is 80 feet wide and 400 feet long.

Mignon Waggoner returned this week from Abilene, where she has been visiting friends. She was accompanied home by Evelyn Sanford, who will be her guest for a few days.

Since last Wednesday's first bale of cotton, four more bales of the early crop have been brought to Hamlin gins.

Following the sudden resignation of Jimmy Marshall as football coach at Hamlin High School three men are now on the coaching staff. They are Marcus Smith, Melvin Gregg and Luie Cure.

### TEN YEARS AGO.

Events in the Hamlin community 10 years ago included the following, reprinted from the issue of The Hamlin Herald dated August 27, 1948:

Body of Lieutenant Joe Wesley (Buddy) Boyd, son of Mr. and Mrs. L. H. Boyd of McCaulley, who was killed in action in France on November 12, 1944, will arrive from France, where it has been buried for over three years, Saturday. Reinterment will be held at McCaulley some time next week, declare the parents.

Final rites for Sidney, son of Mr. and Mrs. Ray S. Teague of Abilene, who died in action in Germany March 14, 1945, in Germany, will be held Sunday afternoon at the First Methodist Church. Burial will be in Cedar Hill Cemetery at Abilene.

City of Hamlin will use a fogging machine in spraying the town for insects soon, it is announced by Bill Rountree, city water superintendent.

### FIVE YEARS AGO.

Goings-on in the Hamlin community are reflected in the following news briefs taken from issue of The Hamlin Herald dated August 28, 1953:

Threat of cotton insects to the cotton crop in the Hamlin territory this week kept farmers of the area alert. Poisoning is going on in many sections.

End of the telephone strike that has hampered service in five Southwestern states for eight days, seemed about settled as The Herald went to press. Hamlin exchange, handling Hamlin, Rotan and Roby calls, has been handling only emergency calls.

B. O. Bell, owners of the White Auto Store in Hamlin, last week was awarded a \$500 prize for his leading sales in a three-state area.

### ONE YEAR AGO.

News bits from The Hamlin Herald dated August 29, 1957, include the following:

More than 1,000 scholastics of Hamlin Independent School District will head for classes next Tuesday, according to Superintendent of Schools C. F. Cook.

Jones County is included in the recently designated South Plains Conservation District, authorized by Congress last year.

Over 100 Hamlin Pied Piper boosters attended the first get-together Friday night when a barbecue supper was served at the stadium.

## Several New Teachers on Faculties of Hamlin Schools. Poised for Opening

Several new teachers will be seen in the faculty lists for the Hamlin school system, reminds Superintendent of Schools C. F. Cook this week after the teaching staffs for the five schools of the system were completed. One more teacher than last year will function this year, he says.

The complete faculty lists, released by Cook follow:

Primary School — Mrs. Fred Smith, principal and second grade; Mrs. Harold Williams, Mrs. Guy Weaver and Mrs. Mae Hennington, first grade; Mrs. J. S. Norton, Mrs. Bobby Moore and Mrs. Jimmy Vaughn, second grade; Mrs. Harvey Elkins, Mrs. D. W. Stell and Viola Avants, third grade.

New teachers in the Primary School are Mrs. Guy Weaver and Mrs. Bobby Moore. Mrs. Weaver, the former Toby Sellers, is a graduate of Hamlin High School and Texas Tech College. She taught last year at Brownfield. Mrs. Moore, wife of the pastor of Faith Methodist Church, is a graduate of Bethany Nazarene College and West Texas State College. She has five years' teaching experience, and taught last year in the Clarendon schools. She has a master's degree.

Elementary School — Odean Murphree, principal and fifth grade; Georgia Moore, Mrs. Ima Shout and Mrs. Ethel Allan, fourth grade; Maggie Seymour and Mrs. Earl Brown, fifth grade.

Junior High School—Marvin B. Carlton, principal; Harry Martin, physical education; Mrs. Everett Gibson, mathematics; Mrs. Olivia

Griggs, art; Mrs. Louise Lewis and Mrs. E. N. Jenkins, language arts; Mrs. Weldon Johnson and Jon Adams, social studies; Lola Milledge, mathematics; Mrs. Inez Ferguson, science; Mrs. Bill Davis, school nurse; Mrs. Willard Ma-berry, public school music in the grade schools.

DePriest Colored School—E. S. Morgan, principal; Mrs. Dollie Brown, first grade; Mrs. E. S. Morgan, second and third grades; Mrs. O. L. Moseley, third and fourth grades; Mrs. Norvell Williams, fifth and sixth grades; Noble Canida, seventh and eighth grades; Mrs. W. C. Butler, high school English; Roosevelt Jones, mathematics and science; Mrs. E. F. Ford, homemaking.

High School—B. V. Newberry, principal; D. C. Andrews, head coach and mathematics; Dora Mitchell, commercial studies and Pep Squad; Harold Williams, science and drivers' education; T. C. Blankinship, vocational agriculture; Mrs. Camille Simmons and Mrs. Joe W. Carter, vocational homemaking; Mrs. Charles Scott, English; Jimmy Vaughn, assistant coach and science; Neil Laminack, basketball coach and social studies; Mrs. A. A. Wade, English; Mrs. Zelma Hulse, librarian and English; Gus Young, mathematics; Mac Fullerton, band director; Elvin Kelly, social studies; Mrs. Austin Siburt, study hall.

Kelly is a new teacher. He is a graduate of Abilene Christian College with a major in history and physical education.

## First Rodeo Show By Riding Club Slated for Sunday

First rodeo event show to be sponsored by the recently organized Hamlin Riding Club will be staged Sunday afternoon at the L. C. Bonds arena on Northwest Avenue D, across the Katy tracks, according to officials of the club. Events will be staged for riders of all ages, it is announced.

Feature of the afternoon will be a special calf riding event for juniors. Parents of the participants must be present, it is announced.

Wild steer race, cutting horse contest, flag race, barrel race and pole bend will be included in the open events.

Children 14 years of age and under will be participants in a calf scramble.

Small children, seven years of age and under, will conduct a ribbon contest.

Arena directors will need horse, it is announced by Roy Thompson and Ben Turner, who will direct the events.

Members of the Hamlin Riding Club will participate in the opening parade of the Fisher County Fair and Rodeo this (Thursday) evening at 6:30 at Roby. The group will assemble at Roby at 6:00 o'clock for placement in the parade, according to L. A. Johnson, who has been named parade chairman.

Events will begin at 2:00 o'clock. Gates at the arena will be open at 1:30.

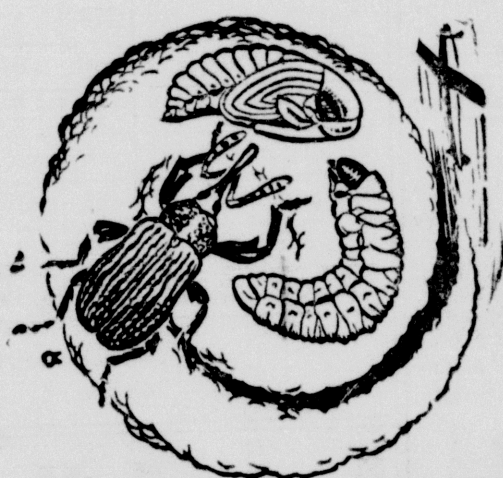

Texas' population on July 1, 1955, was estimated at 8,657,000.

## To Study River Minerals

The Brazos River Authority is planning to call a conference of engineers, other specialists and water consumers to consider further steps toward control of salts and other minerals in the river. The panel meeting, which may be held in October, will consider the results of studies made to date, and may suggest new action for the future.

Hamlin area residents should be interested in moves of the Brazos River Authority, inasmuch as the Double Mountain Fork of the Brazos River, nine miles north of Hamlin, will be involved.

Feasibility of construction of a big dam on the river northwest of Hamlin was attested by Freese & Nichols, civil engineers of Fort Worth, following a study made by that concern several years ago. Cost of the study was borne by the water resources committee of the Hamlin Chamber of Commerce.

## Drunk Drivers Dangerous

Hundreds of good people will be killed on the highways of the United States before the year 1958 ends.

There seems to be little public indignation over the slaughter. The average automobile driver, acquainted with the natural hazards of the road, hesitates to incite drastic penalties through the fear that some unavoidable catastrophe will land him in the hoose-gow.

There was a time when high speeds were blamed for most of the accidents, but the years have produced better cars and better highways. What would have been criminal carelessness in the twenties and thirties is considered reasonably safe in the fifties, and some years from now the present high speeds will be routine.

There are certain recognized criminals acts in connection with the operation of motor vehicles, however, which will continue to be condemned. Driving an automobile while under the influence of alcohol is one of them. It is dangerous, not only to the driver, but to all who use the highway. It should be severely punished, and yet, in many instances, convictions are hard to secure and punishment is avoided.

The drunks are public enemies when operating automobiles, and should be "persuaded" to let others drive in peace. It is a crime and should be promptly punished as such. To let them live some lives in 1958.

## Every Community Needs

Any community in the United States, including Hamlin, can make progress whenever the majority of its inhabitants are more interested in the general welfare than in envying their neighbors.

The population of any given area, united in common advantages, facing the same disadvantages and seeking methods of growth, can assess its prospects upon the basis of its average inhabitant.

It takes more than natural resources to make a prosperous people. This applies to nations, states, counties and municipalities. The spirit of the people within certain physical boundary lines is more important to the welfare of the people than the possession of certain assets which are often deemed advantageous.

You can give a locality an excellent climate, wonderful natural resources and an industrial set-up that is efficient, but, unless you can breathe a common purpose into the life of the area, it will fall far short of becoming highly prosperous.

This does not mean that some few citizens may not be able to milk the area for their benefit and become rich. It does mean that the area as a whole and its inhabitants cannot become prosperous. Great wealth, side by side with abject poverty, does not make an ideal community and never will.

## Too Many Hands

It is recorded that Emperor Frederick the Great, king of Prussia, had a difficult time as all government heads do, in balancing his country's budget. On one occasion he gave a banquet, inviting persons of note to discuss the situation. He explained his dilemma, and asked how it came about that, although the taxes were high, not enough money was on hand to meet expenses.

At last an old general, seated at the other end of the long banquet table, arose and fished a large lump of ice from his punch bowl. He held the ice in his hand for a moment, then passed it on to his neighbor, asking that it be passed from hand to hand until it reached around to the emperor.

This was done, and by the time the lump of ice reached Emperor Frederick, it was reduced to the size of a small walnut. The general sat down. The lesson was obvious—there were too many hands in the government.

### Vacancies Still Exist In Highway Patrol

Colonel Homer Garrison Jr., director of the Texas Department of Public Safety, made another offer this week to young Texans interested in a career of law enforcement.

Colonel Garrison announced that the DPS has openings for patrolmen in four of its law enforcement services. He said entrance examinations will be given to applicants in major cities throughout Texas during September.

The Herald has carbon paper.

**ONCE OVER LIGHTLY.**

Tommy was running errands for his sister. Among the requirements was a trip to the drug store.

"I would like a box of powder for my sister," said the boy.

"Certainly," replied the clerk, and, aiming to have a joke, he added, "do you want the kind that goes off with a bang?"

But Tommy was equal to the occasion. "No," he answered brightly, "the kind that goes on with a puff."

The writer does the most who gives his reader the most knowledge, and takes from him the least time.—Sydney Smith.

### Pupils Insurance Program Offered In Hamlin Schools

Hamlin Public School for the past several years have been offering the children of the schools accident insurance, points out Superintendent of Schools C. F. Cook this week as a prelude to school opening. He explains further:

"This insurance is offered to the children for a cost of \$2 per school year. Neither the school nor any other person receives any commission for this service. The insurance has paid 100 per cent of all claims presented by the hospital and nurse of the schools.

The administration and teachers recommend that each child be insured under this policy. If any parent needs information in regard to the insurance, they are asked to call on any of the school personnel.

On the second day of school material will be given each child in the schools explaining the coverage and other information. Parents are urged to read the material and if interested, to send the envelope back to the child's teacher.

All students participating in sports are required to have this insurance, as well as students in band, Pep Squad and other activities that require transportation. If for any reason a parent desires not to insure his child, the school authorities will need written responsibility by the parent because the school cannot assume all the responsibility.

### Musical Features at State Fair Scheduled

Program for the 1958 State Fair of Texas, America's greatest and grandest fair, lists a sparkling new line-up of entertainment features, exhibits and special attractions. Highlights of the seventy-third annual exposition include:

"The Music Man," Broadway musical comedy hit; Ice Capades, featuring "Madame Butterfly," "Carmen" and Walt Disney's "Fantasia" in an all-new version of the famous skating spectacle; the State Fair "Shower of Stars" in the Cotton Bowl, spotlighting Tennessee Ernie Ford and other stage and television stars.

The best way to do good to ourselves is to do it to others; the right way to gather is to scatter.—Seneca.

NEW COURTHOUSE RESIDENTS after the first of the year at Anson will be W. L. (Poochy) McDonald (left) and Roy Thorn, who were elected in moderate voting in the Saturday run-off primary in Jones County. McDonald defeated W. O. McGinnis for clerk of the district court, and will succeed Leon Thurman, who was elected state representative in July. Thorn defeated Gene Spurgin Jr., the present county clerk.

### BALLOTING

(concluded from page one)

son and the south part of the county) Albert Story defeated the incumbent, Joe Mathis, by a 794 to 448 vote.

McDonald will succeed Leon Thurman as clerk of the district court. Thurman was elected state representative in the July primary.

Jones County voters followed the rest of West Texas in giving Robert Hamilton a huge 1,352 to 515 majority over J. Edward Smith in the race for Place 1 as associate justice of the Supreme Court.

In comparing balloting of the Saturday election with that of the July primary, The Herald observes that only 60 votes were cast Saturday in the East Hamlin box compared with 142 cast in the July voting. In the West Hamlin box only 120 votes were polled Saturday compared with a total of 322 votes in the July voting.

**DRUMMER BOY.**

"Daddy, will you buy me a drum?"

"No, son—it's too noisy."

"Well, that's nothing—I'll only play it when you're asleep."

Praise is the best auxiliary to prayer. He who most bears in mind what has been done for him by God will be most emboldened to ask for fresh gifts from above. —Henry Melville.

### Freight Carloadings For Santa Fe Still Up

Freight carloadings for the Santa Fe Railway System for the week ending August 16, 1958, were 22,549 compared with 21,570 for the same week a year ago, reflecting a gain. Cars received from connections totaled 10,685 compared with 12,866 for the same week in 1957.

Total cars moved were 33,234 compared with 34,536 for the same week a year ago. Santa Fe handled a total of 32,943 cars in the preceding week this year.

### Plans Underway By Officials for March of Dimes

Plans already are underway for the annual March of Dimes campaign by the Jones County chapter of the National Polio Foundation, according to Mrs. Ned Moore of Hamlin, who recently was named county chairman of the group at a business meeting of the board of directors at Stamford.

The annual drive for funds will be conducted as in the past, during the month of January, Mrs. Moore declares.

Others from Hamlin on the executive board for the coming year of the county chapter are Mrs. Joe Stephens, Ned Moore, Mr. and Mrs. John D. Ferguson and Dr. E. D. Perrin.

Mrs. Moore and Mrs. Stephens were in Abilene last week as representatives of the Jones County chapter to attend a district meeting of the National Polio Foundation.

Major speaker at the conference was Jack Dupree of Midland, who is the West Texas representative from the National Polio Foundation. He declared that women of the section are playing a feature role in the annual mothers' march.

Use of electric power in Texas began in the 1880s. First power plant was at Galveston.

## We're Ready to Gin Your Cotton ...

We have spent several weeks going over the equipment and facilities of the Farmers Cooperative Gin of Neinda, and are now ready to handle your cotton ginning for the season. Among improvements at the gin was installation of an automatic feeder for handling the seed cotton at your trailers. This will speed up unloading.

Other equipment, including the gin stands, cleaners and dryers, have been put in first class condition, making the Neinda Gin one of the finest in the territory. At Neinda Gin you are assured

- ★ GOOD COTTON TURN-OUT
- ★ CLEANER LINT OF QUALITY
- ★ PROMPT SERVICE
- ★ COURTEOUS DEALINGS

We are also in position to purchase your cotton and cottonseed on the spot at current market prices, or will help to process your cotton for government loan should you desire to have your staple placed in government loan.

# The Herald's Page for Women

## Jerry Thomas of Rotan To Wed Hamlin Man

Mr. and Mrs. Clifton Thomas of Rotan are announcing the engagement and approaching marriage of their daughter, Jerry, to Lawrence Houghton, son of Eugene Houghton of Hamlin.

The marriage will be September 8 at 7:30 p. m. in the First Methodist Church at Rotan.

The bride-elect graduated from Rotan schools and attended McMurry College in Abilene. The groom-to-be attended Hamlin schools and is presently in the U. S. Army, stationed at Fort Belvoir, Virginia.

Literature is a great stuff, but a sorry crutch. Walter Scott.

## Summer Homemaking Projects Have Been Conducted for Girls of HHS

School may close in May, but for many high school girls the work begins.

About 40 of the students of Hamlin High School have carried on home projects this summer directed by Mrs. Camille Simmons, HHS homemaking teacher. The projects have been in various phases of homemaking, including care and guidance of children, consumer buying, family relations, health and home care of the sick, home improvement, management of the home, home or personal finances, laundry, personal care and improvement, provision of

food for the family, and clothing: construction, care, selection and renovation.

These students met in the Hamlin City Park Friday afternoon for a watermelon party, and each girl turned in an evaluation of her work.

The students are: Paula Andrews, Lillie Sue Austin, Linda Cavitt, Barbara Cheshier, Beth Christian, Elizabeth Daniels, Peggy Dodd, Lottie Everton, Rebecca Ferguson, Brenda Fincannon, Judith Ford, Georganna Fitzgerald, Anna Lou Fudge, Betty Galloway, Phyllis Hollis, Laretha Hill, Jorene Hudspeth, Suzanna Jenkins, Nina Jean, Faye Server LaBaume, Ann Maberry, Lana Lancaster, Jennie Law, DeNetta McCracken, Linda Perry, Melinda Martin, DeGwen Sanderlin, Ann Richey, Sharon Sims, Myra Siburt, Dorna Stapher, Beverly Turner, Janice Ueckert, Montie Wade, Sharon Wyatt, Neil Waldon and Zoan Winegert.

## American Women Becoming Gourmet Cooks with Spices

American women are becoming gourmet cooks, and the American kitchen now is stocked with a wide variety of herbs and spices. This is indicated by a recent survey made by a pharmaceutical company which discovered that women were re-using their apothecary vitamin jars as herb and spice containers. To encourage the trend, the company decided to offer a kit of herb and spice labels together with a recipe booklet along with their vitamins.

At first they offered only eight labels: Allspice, cinnamon, cloves, mustard, nutmeg, oregano, pepper and parsley—the most common spices. Housewives throughout the country, when queried, said eight labels were not nearly enough. They requested the following additions: Ginger, sage, thyme, celery seed, curry, basil, savory and marjoram.

A few years ago, many of these herbs and spices were little known or used in the average American home. But interest in gourmet spice shelf.

## Friends Class Group Meets in Parker Home

Members of the Friends Sunday School Class of the First Baptist Church had their monthly social meeting Friday evening in the home of Mrs. Ben Parker.

Opening prayer was given by Mrs. Clyde Grice. Closing prayer was offered by Mrs. A. Spencer. The group conducted a short business session. Mrs. Jack Wright brought the devotional on "Stars in the Hand."

Refreshments were served to the following attendants: Mmes. Clyde Grice, A. Spencer, W. H. Carter, L. B. Miller, W. W. Fletcher, Noel Weaver, J. J. Crawford and W. C. Hargrove.

## Celotex Employees And Families Enjoy Picnic on Saturday

Nearly 500 employees of the Celotex Corporation plant at Hamlin and members of their families enjoyed an all-day picnic and outing Saturday at the City Park. It is an annual get-together for the group, sponsored by the public relations department of the concern.

The group started gathering at the park about 10:00 o'clock Saturday morning, where games of several kinds were participated in by the children and grown-ups. Swimming, croquet, softball and swimming highlighted the activities.

Late in the evening a barbecue supper was served to 492 attendants by a San Angelo catering concern. Threatening rain late in the day probably kept several away that would have boosted the attendance past the 500 mark, according to D. W. Cowan, works production manager.

## Faith Methodist MYF Group Schedules Benefit Melon Feast

Members of the Faith Methodist Church Youth Fellowship had an election of officers for the coming year in a meeting held in the fellowship hall Sunday evening.

Billie Dominey was elected president. Other officers named were: Gerald Renfro, vice president; Stanley Austin, secretary-treasurer; Victor Criswell, pianist; and Judith Ford, song leader.

Mrs. James Austin and Mrs. Gene Moore are the adult leaders for the group.

The young people's group is sponsoring a watermelon feast, which will be held at the church on Labor Day evening. The public is invited. Proceeds from the event will be used for a table tennis set for the fellowship hall.

## Two from Hamlin Go To Austin FHA Meet

Ginger Rabjohn, president of the Hamlin High School chapter of the Future Homemakers of America, and an official in the state FHA organization, attended a meeting of the state executive council of the Texas Association of Future Homemakers of America this week in Austin.

She was accompanied by Mrs. Camille Simmons, instructor of the homemaking department of Hamlin High School.

## THESE WOMEN!

By d'Alessio

"Lunch? I'll have to think it over I've thought it over YES!"

## Variety of Hairdos Will Be in Vogue For Coming Season, Declares Expert

One fact seems certain in the world of glamor: Modern hairdressers do not agree on how we should wear our hair this season, according to Vivian Brown, AP Newsfeatures beauty editor, in a release to The Herald.

That is good news for the woman who would maintain her individuality in the face of fashion regimentation. We do not have to put our hair up or let it down, or give our old worn last year's hair to the Salvation Army. It's different from our fashion world of dress, in which we are challenged to be prime, choice or third grade sheep.

So, currently, we should take advantage of the opportunity to keep our hairdressers proud of their independence. Wear the hairdo that becomes you, they say. So why not?

Fashionable women who will wear the chemise but do not want the short bob might be pleased by a prediction from Albert in New York. The popular hairdresser predicts that shoulder length hair or just a little shorter will be ideal. But give it some style, some shape. Don't just let it hang like wilted lettuce. Albert explains: "The smart hairdo follows a line today. There is very little curl. The hair style is based more on the shape of the face and the texture of the hair, and from this pattern the most becoming hair styles may be originated."

Albert believes also that three is more than one hair style for any woman. The trick, he says, is to find out which one suits her best.

He predicts that hair will take on color as more women go in for dyeing their tresses. He sees beige and ashe blonde hair colors as tops, with accents of the silver blonde shade. The vivid red shades are more popular than ever. And here's a tip for older ladies:

"If you want to maintain a youthful appearance, and hesitate to bleach or dye your hair as it grays," says Albert, "try tipping or highlighting your hair with colorful streaks for a wonderful, youthful look."

## VISIT WITH SIMPSON.

Mr. and Mrs. C. E. Kirkman and daughter, Sarah Katherine, to Baytown, spent the week-end visiting with the Joe Simpson family.

## Peggy Joyce Briscoe, Bride-Elect, Is Honored at Gift Tea in Moore Home

Peggy Joyce Briscoe, bride-elect of W. H. Hallmark Jr., was honored with a gift tea Friday evening in the home of Mrs. Ned Moore, 624 Northwest Seventh Street.

Guests were greeted by Mrs. Moore and presented to the honoree; her mother, Mrs. F. C. Briscoe; Mrs. W. H. Hallmark, mother of the groom-to-be; Mrs. C. B. Barth of Rotan and Anna

Mae Edmonson of Quanah, aunt of the bride-elect.

Mrs. Faye Dean and Mrs. C. J. Rollis directed guests to the tea table. Serving refreshments were Mary Ann Willbanks of Hamlin and Alicia Griener of Breckenridge, who will attend the bride in her wedding as maid-of-honor.

The tea table was covered with an imported linen cloth centered with a blue and white cupid tree arrangement with spider mums and pom-poms, flanked by blue candles in silver candelabra. Other appointments were in silver and crystal.

Mrs. Everett Gibson directed guests to the rooms where gifts were displayed. Mrs. Jerry Briscoe, sister-in-law of the bride, registered guests, and Mrs. W. O. Willbanks said good-byes.

Other hostesses were Mmes. D. W. Cowan, Eddie Jay, W. C. Lockhart, Don Hymmer, J. T. Cox, F. T. Wallace, Ivy Myers, H. R. Daniell and Joe League.

## Lions and Rotarians Fete Ladies at Picnic Tuesday at City Park

More than 100 members of the Hamlin Lions and Rotary Clubs and their ladies enjoyed two hours of feasting and fellowship Tuesday evening at the Hamlin City Park.

The Lions had invited the Rotarians to share the picnic project with them, and neither civic club met in regular noon luncheon session this week in view of the picnic.

Steaming hot barbecue and all the trimmings were served to the group of men and women by a San Angelo catering service.

Before and after the picnic supper the picnickers visited in a fashion reminiscent of old time get-togethers.

In addition to the Lions and Rotarians and their ladies, several invited guests were present, including four from Lions Club officials from Stamford.

# Final Days of Congress Mean Rush to Complete Legislation, Says Burleson

At this time during every session of Congress, the feeling constantly arises that the country would be better off if adjournment had come a month ago, declares Congressman Omar Burleson in his weekly news letter to The Herald. He continues:

This is the time when legislation is pushed so rapidly it becomes virtually impossible to know the details of every bill under debate.

Adjournment is still indefinite, but it appears it will require another several days before the curtain is hauled down.

By reason of the nature of the committee of which I serve as chairman, it will be necessary to remain in Washington to clean up the details. There are some things which simply cannot be done until the final bell sounds.

It will be my intent to visit over the 14 counties of the 17th Congressional District during the fall. It will be necessary to return to Washington at intervals to attend to committee matters, but it is with anticipation I look forward to seeing as many of my constituents as possible for the purpose of rendering a report of my activities as your congressman, and to exchange views on matters of mutual interest.

As is the case in most things, this session of Congress has brought disappointment and satisfaction.

On the domestic side the Congress is about to leave Washington after a spending spree unlike any known in peacetime. The atmosphere of economy and retrenchment was dissipated with sputnik and the recession. It gave way to many ideas and schemes supposedly needed to meet the emergency.

On the other hand, by reason that some emergency existed, a field day was provided for many ready to take advantage to promote schemes which otherwise would not be possible.

On the foreign scene a similar situation exists insofar as spending is concerned. At a time when the country was ready to retrench in its foreign aid spending, the appearance of sputnik took the lid off.

## KERRY DRAKE

His fiancée, the victim of a cold-blooded murder, Kerry Drake, brilliant assistant D.A., leaves the cemetery a stunned, embittered and lonely man.

### Sears Swine Will Be Exhibited by County 4-H Group Friday

The best thing coming out of it all was an effort to improve our defenses, not only in terms of dollars and cents, but in a real effort to promote greater efficiency in our military establishment. In this connection it should be a continuing and unrelenting effort.

IT ALL DEPENDS.

Before Marriage: "I like the smell of tobacco and I think a man looks so masculine with a pipe."

After Marriage: "For heaven's sake! That pipe smells up the whole house. Throw it away."

Jones County 4-H Club Sears swine show will be held at Anson tomorrow (Friday) beginning at 9:00 a. m. The show will take place on the parking lot east of the square, according to Kirby Clayton, Jones County agent.

Four-H Club members will exhibit their registered Duroc gilts furnished by the Sears Roebuck Foundation, and the winning gilt and boar will be taken to Abilene in September to compete in the district show.

Judging the swine show will be T. W. Colby of Abilene Christian College.

Club members who will exhibit swine include Kathlene Lollar, Mike Barbee, Richie Cox, Billy Fillmon, Terry Touchstone, Billy DeBusk, Sandra Carter and William Teague. Larry Middleton of Anson is owner of the county Sears boar.

The show is open to the public, and everyone interested is invited to attend.

Rubber bands at The Herald.

### WEATHER IS BAD.

Sir Lancelot jumped off his horse and rushed into the inn. "I have a message for the king," he said. "My steed is weary and wounded. Can you land me a horse?"

"I have no horse," said the landlord, pointing to a huge dog. "This is the only animal I possess."

"Very well," said the knight, wearily. "I'll take him."

"Oh, sir," cried the innkeeper, "I wouldn't send a knight out on a dog like this!"

### SELF PRESERVATION.

In an essay on "Things I Am Thankful For" a little boy listed his eye glasses.

## New Equipment at Being Installed at Hamlin Coop Gin

Installation of several thousand dollars worth of new equipment in the Hamlin Farmers Cooperative Gin was being completed this week, according to Watt Fletcher, manager of the gin, located in the southeast part of the city. The gin will be ready for operation the first part of next week, said Fletcher.

Included in the new equipment is a new type "dry cleaner" for seed cotton. Heated with natural gas, the dryer is designed to remove all moisture from wet cotton before it enters the gin stands, permitting better separation of lint from the seed and more efficient ginning generally.

Another major installation at the gin is a huge Moss lint cleaner, which Fletcher says is the

**COMES FOR FAMILY.**

Lieutenant Charles Absher of Fort Huachuca, Arizona, Army Base came last Friday for a brief visit in the Joe A. Simpson home at Hamlin. He returned Saturday to the base with his wife, the former Faith Simpson, and his new daughter, Lisa Joe, who was born about six weeks ago here.

**CLEVER, THESE COOKS.**

Frank—"We've got the prize laziest cook."

Earl—"How's that?"

Frank—"He puts popcorn in the panckes so they'll turn over by themselves."

latest development in cleaners for the lint cotton as it comes from the stands. The extra cleaning process will give higher grade for the processed bale, assuring better price to the customer, he says.

Seven new electric motors provide the power for the new equipment, and a new panel control board gives one-man control of all the equipment.

## Mrs. Rosa Mitchell Dies Wednesday After Long Illness

Mrs. Rosa Bell Mitchell, 68-old Hamlin housewife, died last Wednesday afternoon in the home of a daughter, Mrs. Alene McCracken. She had been ill for several years, but seriously ill for only six weeks before her death.

Born November 5, 1889, to Mr. and Mrs. O. B. Cox in Limestone County, she was married to DeWitt D. Wilkins on Christmas Day, 1907, at Groesbeck. To this union five children were born, two of whom preceded her in death—Nolan in 1919 and Eugene in 1953.

The D. D. Wilkins family moved to Jones County in 1915, settling first on the Wylie Young farm near Funston. In 1921 they moved to the J. J. Roberts farm, southwest of Funston, and farmed for Mr. Roberts 14 years. Wilkins passed away on April 11, 1940, after which Mrs. Mitchell moved her family to Anson.

In 1944 Mrs. Mitchell moved to Hamlin and has lived in the north part of Hamlin since that time.

On October 20, 1945, she and Rufus Hick Mitchell of Swenson were married. Mr. Mitchell died in March of this year.

Funeral services were conducted Friday afternoon in the North Central Avenue Baptist Church, with Rev. Calvin Bailey, pastor of the First Baptist Church, and Rev. Woodrow McHugh, North Central Avenue Baptist Church pastor, officiating.

Burial was in the Funston cemetery beside the grave of her husband, DeWitt D. Wilkins, under the direction of Hamlin Funeral Home. Pallbearers were Pearl Fannin, James Harrison, Clarence Butler, Roy Stinnett, W. I. Goolsby and J. D. Gaines of Abilene.

Surviving her are one son, Aubra L. Wilkins of Abilene; two daughters, Mrs. Alene McCracken of Abilene and Mrs. Julia N. Cooper of Abilene; several nieces and nephews, one being Johnny Anglin of Anson; and six grandchildren, DeNetta Jean McCracken and Janie R. McCracken of Hamlin, Larry D. Cooper and Lavonia Glyn Cooper of Abilene, Bobby Gene Wilkins and Derall Edwin Wilkins of Lorenzo.

## School Bus Routes To Generally Follow Former Pattern Used

Bus routes for the schools of Hamlin Independent School District will be the same as last year, declares Superintendent of Schools C. F. Cook, except for a few changes that will be necessary to meet the needs of students along the routes.

Cook explains that any changes that will be made will be because the buses can better serve students who use the buses.

Routes of the buses and names of drivers will be as follows:

Route 12—Hilton community, Harry Martin and Marvin Carlton.

Route 13—Gravel Pit area: A. E. Perdue.

Route 14—Colored students: E. S. Morgan.

Route 15—Colotex community: B. V. Newberry and Neil Laminack.

Route 16—Wise Chapel community: A. E. Hodnett.

Route 17—Neinda community: Joe Wayne Carter.

Route 19—Flat Top community: Elvin Kelly.

Route 20—Tuxedo community: Gus Young.

**PREPARED ANSWERS.**

A pastor at the parish always asked the children the same questions, and in the same sequence: "What is your name? How old are you? Did you say your prayers? What will happen if you don't say your prayers?"

An overly ambitious mother rehearsed her little boy with the answers, and when the pastor called, the boy beat him to the punch by rattling off: "Jerry Jones, five, yes, go to hell."

**NOTICE OF REDEMPTION OF CITY WATERWORKS AND SEWER BONDS**

The City of Hamlin, Texas, hereby gives notice of its intention to call City of Hamlin, Jones County, Texas, waterworks and sewer system bonds, Series 1948, Nos. 108 to 125, inclusive, on the next interest paying date of October 1, 1958.

The bonds 108 to 125 inclusive at \$1,000 each, total of 18 (eighteen bonds) in amount of \$18,000 (eighteen thousand and no/100 dollars).—L. H. McBride, Mayor. Attest: Mrs. H. M. Barrow, Secretary. 44-3c

# Area People Smile As Oil Production Hiked Next Month

Hamlin area land owners and royalty holders found room for smiles first of the week as the production pattern for September was announced from Austin with an increased flow of oil.

Texas Railroad Commission set state-wide oil allowable for September of 3,173,736 barrels a day, an increase of 228,302 barrel daily.

The permissive flow was based on a producing pattern of 12 days. It was the fourth consecutive month in which the Texas oil allowable had been increased since reaching a record low producing pattern of eight days.

The sizeable increase came after the August flow was increased by nearly 330,000 barrels a day.

"We must not make a case for added imports by refusing to allow adequate Texas oil production when our stocks on hand are at low levels and we have the oil reserve producing ability," Ernest Thompson, acting chairman of the commission at the proration hearing, said. Chairman Olin Culbertson is in Europe on vacation.

Most major oil buying companies asked for at least 12 days of production. Humble, the state's largest purchaser, asked 14 days.

Office furniture at The Herald.

TOES IN TEMPLE—Church is where a six-year-old boy should be on Sunday morning but a brand new pair of tight shoes is a little too much. So, off they had to come, thought Mickle Klatt, son of Mr. and Mrs. R. A. Klatt of Lubbock, and, suiting thoughts to action did just that. No one would have known if he had only not forgotten to put them back on when church was over and he got caught, sock-footed, that is.

# Attendance at City Sunday Schools Gets Back to Near Normal

Sunday School attendance at Hamlin churches got "back into the groove" Sunday when a gain of 133 was registered over the previous week's total. The 1,262 total also was 55 more than the year ago figure for the 12 Hamlin churches reporting.

Attendance, by churches for August 24, August 17 and a year ago follows:

Churches—	Aug. 24	Aug. 17	Year Ago
No. Cen. Baptist.....	134	79	92
First Baptist.....	347	328	364
Oak Gr. Col. Baptist 52	71	37	
Mexican Baptist.....	37	42	53
Ch. of Nazarene.....	97	80	83
First Methodist.....	228	178	197
Foursquare Gospel. 42	64	51	
Faith Methodist.....	39	36	30
Sunset Baptist.....	26	35	58
Church of Christ.....	178	147	160
Calvary Baptist.....	45	30	44
Assembly of God.....	37	39	38
Totals.....	1262	1129	1207

# Fisher County Voters Name Dave Posey At New County Judge

Fisher County, Hamlin's neighbor to the west, got a new county judge in Saturday's balloting in a race that had held the interest of many area people.

Dave Posey of Rotan defeated Bruce McCain of Roby. Also named in the run-off voting Saturday was District Clerk Neely A. Morton of Retan, who defeated Mrs. Elva Nell Dennis of Roby.

Posey, a farmer and rancher, defeated the present county judge, Bruce McCain of Roby, who has served two terms in the office. The vote was 1,121 for Posey and 1,079 for McCain.

Morton, who is completing 10 years in the office of district clerk, received 1,203 votes. His opponent, Mrs. Dennis of Roby, got 993 votes.

In the race for state representative of the 91st District, Fisher County voters gave Max Carriker of Roby a total of 1,821 votes. His opponent, Temple Dickson of Sweetwater, received 368 votes.

**MISSING: ONE HORSE.**

Out in Arizona, a cowhand rushed out of a barber shop, made a running broad jump, and landed in the middle of the street.

"Hurt yourself?" he was asked.

"Reckon I'll live," roared the cowboy, brushing himself off, "but I'd sure like to get my hands on the varmint who moved my hoss."

Between 1947 and 1953 chemicals passed up oil as Texas' leading industry.

# Good Rains in Many Southwest Areas Spark Good Demand for Beef Stockers

Good rains were reported in many sections of the Southwest, many of them in West Texas and Northern markets reported increased stocker and feeder activity, and these two factors were enough to get the cattle trade at Fort Worth off to a flying start Monday, according to Ted Gouldy, special market reporter for The Herald, in his weekly market summary. He continues:

A few bunches of grain fed steers and heifers were in the run and these moved a bit slowly as packers eyed a sharply increased offering at Corn Belt terminals. However, they cleared steady as the Northern receipts were well absorbed.

Stocker and feeder buyers, including many farmers and ranchmen seeking stockers, were on the stockyards early and set a fact pace on the available stockers and feeders. The trade was strong to 50 cents higher, quality considered.

Slaughter cows, slaughter calves and bulls were strong.

Prices included: Good to choice steers and yearlings, \$23 to \$25.75; medium and lower grades, \$18 to \$22; fat cows, \$17.50 to \$20.50; and canners and cutters, \$12 to \$17.50; bulls, \$17.50 to \$21.50; fat calves, \$20 to \$25.75; stocker calves, \$31 down; stocker yearlings, \$26.50 down; and feeders, \$23.50 down.

Trade was active and prices were fully steady on limited offerings of sheep and lambs at Fort Worth Monday. Several hundred goats sold for slaughter at steady prices.

Good and choice fat lambs drew \$21 to \$22.50; feeder lambs drew \$19 to \$20; old wethers cashed at \$12 to \$13; slaughter ewes cashed at \$7 to \$8; slaughter goats went at \$5.50 to \$7.

Opening trade at Fort Worth Monday on hogs was a matter of catching up with the severe breaks of last week in the Corn Belt. Choice hogs at \$20.25 and \$20.50 were in line with Corn Belt tops, but were 50 to 75 cents under last week. Sows drew \$17 to \$18.

# Max Carriker Named State Representative In Neighbor District

Max Carriker, well known farmer and cattle raiser living east of Roby, and a frequent visitor at Hamlin, was elected state representative of the 91st District in the run-off election Saturday in a race that held the interest of many Hamlin area citizens.

Carriker defeated Temple Dickson of Sweetwater, an attorney, for the seat now held by L. L. Armor of Sweetwater, who was eliminated from the running in the July primary.

Vote in the three-county district composed of Nolan, Mitchell and Fisher Counties, was 3,435 for Carriker and 3,191 for Dickson.

By counties, the vote was:

	Carriker	Dickson
Nolan .....	906	2,179
Fisher .....	1,821	368
Mitchell .....	708	644

So long as we are full of self we are shocked at the faults of others.—Francis de S. Fenelon.

# Twelve Lettermen Returning as Base For Piper Squad

Work-outs of the boys trying out for berths on the 1958 edition of the Hamlin High School football squad were started Monday at the football field in the annual pre-season football encampment. The boys are spending a whole week at the field, sleeping in the field house and conducting work-outs twice a day, declares Head Coach D. C. Andrews.

About 35 boys reported for the encampment, which is being directed by Andrews, with Assistant Coaches Jimmy Vaughn, Neil Laminack and Harry Martin helping with the daily chores. Coach Vaughn will be line coach of the A string and Coach Laminack will be B team coach. Coach Martin will coach the junior high team.

Twelve returning lettermen are on the job to form a nucleus of the 1958 Pied Pipers. These are Gene Murff, John Richey and Stephen Carmichael, captains; Ken Prewitt, Bob Martin, Charlie Green, Mike Brandon, Roy Williams, Joe Deel, Red Fowler, Ed Shields and Tommy Bonds.

Highlighting the week's twice-a-day work-outs are inter-squad scrimmage and a scrimmage with a neighboring town's team.

To climax the week of work, the Pied Piper Booster Club will treat the players and booster club members to a barbecue and get-acquainted meeting tomorrow (Friday) evening at 7:30.

**HAD A REASON.**

Billy Graham, noted evangelist, tells an amusing story of a fire which broke out in a small town church. The fire brigade was racing and the sirens were wailing, and when they arrived on the scene, the minister recognized a fireman.

"Hello, there, Jim," greeted the minister. "I haven't seen you in church for a long time," he chided.

"Well," answered the man, struggling with the hose, "there hasn't been a fire in the church for a long time."

## Memberships Being Sold in Pied Piper Booster Club in City

Pied Piper Booster Club membership cards and license tags for automobiles are on sale this week in Hamlin, reports Dwayne Stalcup, president of the booster group organized several years ago to back the athletic teams of Hamlin Schools.

Stalcup, who came to Hamlin two years ago as manager of the Hughes Tool Company office, was named president of the booster several days ago.

At a business meeting of the group Tuesday evening plans for the coming year's projects were made. Stalcup stressed the importance of a concerted campaign for memberships in the booster club in order to make activities of the group effective and of assistance to the teams.

The bumper tags will be used to boost the teams this year.

The booster club will sponsor a car caravan of boosters to the opening football game of the Pied Pipers at Eastland Friday night, September 5.

Gratitude to God makes even a temporal blessing a taste of heaven.—William Romaine.

**NET GAIN** — Whether you prefer pretty girls like Sandra Roberts or Texas Gulf shrimp like she is holding, there will be plenty of both at the Aramis Pass "Shrimp-O-see," another annual tourist attraction on the Texas Tropical Coast, starting Friday, August 29.

## Mrs. Margie Lee, Long Time County Resident, Passes

Mrs. Margie Lee, 85-year-old widow of a former long-time Jones County farmer, died last Friday night at her home at 529 Northwest Avenue C. She had been ill for about 10 years.

Mrs. Lee was born March 20, 1873, in Timko, Arkansas, the daughter of Mr. and Mrs. M. C. Branscum. On April 14, 1891, she married J. A. Lee at Timko.

Mrs. Lee had been a resident of Hamlin for the last 39 years. Mr. Lee, who was a farmer, died on October 4, 1948.

She was a member of Calvary Baptist Church in Hamlin.

Funeral services were conducted Sunday afternoon at Calvary Baptist Church. Rev. G. C. Henry, pastor, officiated, assisted by Rev. Woodrow McHugh, pastor of the North Central Avenue Baptist Church, and Rev. W. A. Corley.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Grandsons served as pallbearers.

Survivors of the octogenarian include five sons, Harold, Ernest and U. S. Lee, all of Hamlin, Lawton Lee of Midland and Noel Lee of Girard; two daughters, Mrs. Shelby Hester of Abilene and Veda Lee of Hamlin; 21 grandchildren, 12 great-grandchildren and three great-great-grandchildren.

**BRING ON THE RATE**—Semel, the Siamese cat, prances around the ring—the front porch of her owner, Foy H. Mooty of Fort Worth—ready to shoot more rats and rights at rats like the ones at her feet. They are among the 13 she killed and deposited on the porch overnight. Mooty, who found the bodies the next morning, said this was the largest haul.

## Most Firearms Deaths By "Unloaded" Gun

It's not necessarily the itchy-fingered hunter in the field who mistakenly kills someone.

The "unloaded" gun in the home is an even more dangerous killer, according to the National Safety Council.

In 1957, for example, firearms helped account for 1,150 accidental home deaths. Half of the fatal firearms accidents happened in the home.

The council's recently published statistical yearbook, "Accident Facts," shows that accidental deaths from firearms are the No. 4 home killer—ranking behind falls, fire burns (and other deaths associated with fires) and poisonings, in that order.

### ONE WAY TO DO IT.

"Isn't it hard to keep a budget straight?" wailed Mrs. Johnkins. "My dear, it's terrible!" confided Mrs. Smithkins. "This month I had to put in four mistakes to make mine balance."

## Hamlin Memorial Hospital

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Mrs. Ray Gilley of Aspermont, medical, August 17; Mrs. Alvin Conner, ob., August 17; Mrs. Roy Carmichael, medical, August 18; Mickey Don Hayes, medical, August 20; L. L. Hill of Aspermont, August 20; Mrs. Ray Huling, medical, August 20; Mrs. Annie Newberry of Aspermont, August 19; Mittie Ann Ray, medical, August 20; Mrs. Bob Rutherford of Aspermont, medical, August 19; Mrs. Louis Stinnett, medical, August 21; Robert Murff, medical, August 21; L. C. Hayes, medical, August 22; Mrs. S. C. Ferguson Sr., medical, August 22; Mrs. Jimmy Kiker of Roby, ob., August 22; Bryant Conner, medical, August 23; Lloyd Boren Jr., medical, August 23; Mrs. Leona Buckley of Aspermont, August 23.

Patients Dismissed—Mrs. D. H. Moyer, August 17; Mrs. C. J. Sewell, August 21; Mrs. Homer Rucker, August 22; A. G. Smith, August 23; Mrs. Richard Hawkins, August 18; Mrs. Dale Evans, August 22; John Osbourn, August 17; Mrs. Ray Gilley of Aspermont, August 20; Mickey Don Hayes, August 24; L. L. Hill of Aspermont, August 23; Mrs. Ray Huling, August 21; Mittie Ann Ray, August 22; Mrs. Bob Rutherford of Aspermont, August 24; L. C. Hayes, August 22; Mrs. Leona Buckley of Aspermont, August 24.

## Increase Expected in Student Enrollment At Junior High School

Hamlin Junior High School will not have a pre-registration this year, according to Marvin Carlton, principal.

Enrollment in the sixth seventh and eighth grades is expected to be about 245, or an increase of about 15 students over last year.

A faculty meeting will be held at the Junior High School building immediately after the general faculty meeting tomorrow (Friday) morning. The Junior High faculty will return intact for the third successive year.

Members of the faculty are: Mrs. Everett Gibson, mathematics; Lola Milstead, mathematics; Mrs. Joe Lewis, language arts; Mrs. Ernest Jenkins, language arts; Mrs. Weldon Johnson, social studies; Jon Adams, social studies; Mrs. Dudley Griggs, art; Mrs. S. C. Ferguson Jr., science; Harry Martin, physical education; and M. D. Carlton, principal.

## Record Prizes Posted For 1959 Stock Show

Largest amount of prize money in the 63-year history of the Southwestern Exposition and Fat Stock Show will be offered at the 1959 show, January 30 through February 8, at Fort Worth, which is always attended by scores of Hamlin area people.

W. R. Watt, president-manager,

has announced that \$193,481 in awards will be given to winning exhibitors in the various fat stock and horse divisions and to top cowboys in the exposition rodeo. Prize money for rodeo winners, including entry fees, will exceed \$35,000. The horse show will award \$38,480 in premiums.

Texas ranks fifth in the nation in number of air passengers carried each year.
